"Leaf Season" wraps up

The last official collection weeks for leaf bags is the week of December 19th 2011. This is the last scheduled week for collection, but weather permitting, collection will continue until all the bags are picked up.

Christmas Tree Collection

If you have a "live" Christmas tree, DPW will go around weekly, usually on Thursdays, to collect trees from the curbside **without** an appointment after the holidays. Just be sure there are no decorations on the tree and **do not put it in a bag**-we can't recycle the trees in plastic bags and it will not be collected if it's in a bag! Please remove any stands or metal from the tree as well. Collections will continue throughout January.

Winter Weather is on its way!

During snow fall, the Department of Public Works will clear the Township streets from curb to curb as soon as possible. Remember, certain streets in the Township are not cleared by DPW and snow removal is the responsibilities of the following other departments:

Middlesex County Road Department clears all County roads, such as: Adams Lane, Apple Orchard Lane, Church Lane, Cozzens Lane, Finnegan's Lane, How Lane, Milltown Road, Old Georges Road (at Church Lane) and Old Georges Road at Edly's Lane.

The New Jersey Department of Transportation clears all State highways such as: US Rt. 130, US Rt. 1, State Highway 27, State Highway 26 (Livingston Avenue, Rt. 1 to Nassau Street), State Highway 91 (Jersey Avenue, Route 1 to How Lane) and State Highway 171 (Georges Road, Rt. 1 to New Brunswick City Limits).

Snow Emergency Streets are Aaron Rd, Axel Ave, Beechwood Pl. from Glenridge Ave to Cleremont Ave, Beverly Ave from Oakwood Pl. to Livingston Ave, Carlisle Rd, Cleremont Ave, Cranbury Cross Rd, Hartland Commons, Haverford St from Lee Ave to Livingston Ave, Hermann Rd, Hidden Lake Drive, Huron Rd, Independence Blvd -- both sides of Route 130, Linwood Pl from Hermann Rd to Cranbury Cross Rd and Glenridge to Woodland, Masoma Rd, Nassau St, Newton St, North Oaks Blvd, Ridgewood Ave, Riverbend Dr, Schmidt Lane, Serviss Ave from Stevens St to the dead end of Serviss Ave, Stevens St from Lee Ave to Livingston Ave, all of Village Drive, Willowbrook Drive, Wood Ave from Route 130 to the gate, and Woodland Ave from Jerome to the end at Stevens St.

Snow & Ice Removal

Removing snow and ice from the streets, roads, sidewalks and driveways is a job we need to do together. By working together, we can clear the snow and ice for safe access to roads, businesses and residential properties.

Please dig out fire hydrants and catch basins near your home or business. These are there for your protection!

Residential Property

It is the owner's responsibility to clear the sidewalk area in front or backing the owner's land within 24 hours of the cessation of any storm of snow and ice. The snow and ice should be removed so that the sidewalk area is open and cleared.

Non-Residential/Commercial Property or Lots

The owner of any non-residential, commercial property or lots in the Township should remove snow and ice within 12 hours of the cessation of any snow fall.

Residents and Non-residential/Commercial property owners shall avoid throwing, snow blowing or depositing snow and ice into the roadways, especially after the roads are plowed. **This is a violation of Township Ordinance Chapter 287. Violators can be fined or prosecuted.**

If your home or business is next to a cross walk, please shovel a wide opening for pedestrians or children utilizing the walk. This is the neighborly thing to do for your children and residents living near you.

Please do not take it personally if or when a DPW plow pushes snow back into your driveway or onto the opening of your sidewalk. Every snow storm is different and must be handled differently. It is always the objective of the DPW to clear the Township streets from curb to curb to the best of our ability. Sometimes this effort requires we come back several times.

Don't forget to check northbrunswicknj.gov for any holiday trash collection changes or recycling pick up changes, or call us at 732-297-1134.

Snow Emergencies/Collection Changes

Weather emergency may appear on your Cablevision Channel 15 Community Bulletin Board. Feel free to call the North Brunswick DPW at 732-297-1134 or Waste Management for recycling at (800) 633-9096 if you have any questions. Please always check the website or Facebook for updates!
