#### **2012 Road Program – Hollywood Street Reconstruction**

Dear Resident:

Regrettably, I must inform you that despite our best efforts we must postpone the road reconstruction of Hollywood until next spring.

Although Hollywood Street is under contract to be completed as part of this year's road program, the project is being funded by the State of New Jersey and they withheld their approval for some time. We have also recently encountered some unexpected design complications involving Verizon infrastructure underground.

While still dealing with the storm and changing weather conditions, we can no longer properly accomplish the road work this year. We will continue to engage Verizon and Hollywood Street will be the first road scheduled next spring.

We apologize for the delay and appreciate your patience.

Sincerely,

Michael C. Hritz  
Director of Community Development
