Explanatory Statement - (Continued) Budget Message

The Mayor and Council have reviewed and authorized the introduction of the FY2013 municipal budget. It is compliant with the tax levy cap, the budget appropriation cap, and is in keeping with the administration's long-range goal of maintaining its high level of service to the taxpayers of the Township of North Brunswick while continuing a steady investment in improving our operating efficiency and in preserving our municipal infrastructure of parks and open space, streets, water, sewer, and stormwater systems.

General appropriations are about one percent less than the FY2012 budget at introduction and salary and wage appropriations are slightly below last year's appropriation. Compared to the FY2012 adopted budget, debt service is about six percent less, employee health benefit costs have increased by four percent, civilian pension costs are flat, and police pension costs have increased about twelve percent.

The primary sources of revenue in the budget reflect modest, but predicted changes from the FY2012 budget. Compared to last year, this budget includes an eight percent reduction in local revenues, the same amount of State Aid, and a three percent increase in the municipal tax levy. The decline in local revenues is due to a reduction of twenty-five percent in the use of surplus and a nineteen percent reduction in payment-in-lieu-of taxes from the NJEDA (New Jersey Economic Development Authority) Tech Centre.

Budget Message

The Township has been expanding its existing Shared Services relationships with the School District, the Library, and other municipalities

whenever it has seen the opportunity to reduce costs and/or improve overall efficiency. The Township is preparing to add three more service

agreements with the Borough of Helmetta for animal control services, animal shelter services, and sanitation services.

The increase in successful tax appeals has again reduced the Township's ratable base for calendar year 2012 compared to 2011. This trend is not unique to North Brunswick, as most municipalities in the state are experiencing the same effect, due to the broader economic conditions in the State, the region, and the Nation. While many appeals have been settled with little or no direct payment by the Township, the decline in the ratable base still directly affects property tax rates, because the municipal, county, and board of education tax levies must be raised from a reduced tax base. For this reason, the Township administration has been actively working over the past several years to expand our ratable base along the Route 1 and Route 130 corridor. As a result of this predicted new development, the Township is optimistic that the current downward trend will begin to stabilize in 2014 and reverse itself in subsequent years. While the Township does not control County and School taxes, this projected growth in our ratable base will relieve some of the upward pressure on every segment of your property tax bill. For that reason, this is, and will remain, our highest priority in the coming years.

NARRATIVE FOR CAPITAL IMPROVEMENT PROGRAM

4 L X X

The Fiscal Year 2013 Budget contains the outline plan for a major investment in the Township's infrastructure by committing significant annual funding for roadway improvements and improvements to our parks and playgrounds.

On a more routine note, our plan demonstrates an annual commitment toward replacing worn or obsolete equipment, including computer technology, upgrades to Public Safety communications systems, building renovations, and trucks/heavy equipment.

This Capital Program represents the Township's plan to spread these costs over a 6-year period, to minimize the cost impact on any one particular year.
