AMERICAN WATER

North Brunswick - Water Meter Fee and Meter Installation Fee Form

Procedure for Acquisition and Installation of a water meter :

1. Make application with the Township for the appropriate construction permit.
2. Verify the size of your meter, meter type and other meter requirements with the Township.
3. Fill out this form for each meter you need. You must deliver this form with a copy of your permit, and your check or money order to the address below, where you will receive a spacer and meter couplings for your plumber to install.
   If you need help in completing this form, please contact American Water at 732-297-3739.
   Be sure to include your telephone number on this form.
4. Have your plumber or contractor install the appropriate piping.
5. After your plumbing "Rough-In" is approved by the Township, or, after you have received your Township Certificate of Approval (irrigation meters only) call American Water to make an appointment to have your water meter and outside meter reading device installed.
