In the opinion of McCarter & English, LLP, Bond Counsel to the Township, assuming compliance by the Township with certain tax covenants described herein, under existing law, interest on the Bonds and the Notes is excluded from gross income of the owners thereof for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and interest on the Bonds and Notes is not an item of tax preference under Section 57 of the Code for purposes of computing the alternative minimum tax. Based upon existing law, interest on the Bonds and Notes and net gains from the sale thereof are exempt from the tax imposed by the New Jersey Gross Income Tax Act. In the case of certain corporate holders of the Bonds and Notes, interest on the Bonds and Notes will be included in the calculation of the federal alternative minimum tax as a result of the inclusion of interest on the Bonds and Notes in "adjusted current earnings". Beneficial Owners of the Bonds and Notes will not receive certificates representing their interests in the Bonds and Notes. Interest on the Bonds is payable on February 15, 2010 and semiannually thereafter on August 15 and February 15 in each year until maturity. Interest on the Notes will be payable at maturity. Relating to

**TOWNSHIP OF NORTH BRUNSWICK
IN THE COUNTY OF MIDDLESEX, NEW JERSEY
\$18,157,000 GENERAL OBLIGATION BONDS OF 2009
and
\$14,457,000 BOND ANTICIPATION NOTES, SERIES 2009 A**

INTRODUCTION

The purpose of this Official Statement is to set forth certain information concerning the Township of North Brunswick, in the County of Middlesex, New Jersey (the "Township"), the \$18,157,000 of General Obligation Bonds of 2009 (the "Bonds") and \$14,457,000 of Bond Anticipation Notes, Series 2009 A (the "Notes").

This Official Statement, including the cover page and the attached appendices, contains specific information relating to the Bonds and the Notes, including their general description, the purpose of the issues, a summary of borrowing procedures, certain matters affecting the financings, certain legal matters, historical financial information and other information pertinent to these issues. This Official Statement should be read in its entirety.

All financial and other information presented herein has been provided by the Township from its records, except for information expressly attributed to other sources. The presentation of information, including tables of receipts and disbursements, is intended to show recent historic information and is not indicative of future or continuing trends in the financial position or other affairs of the Township.

Prior to the issuance of the Bonds and the Notes, the Township will execute an agreement for the benefit of the holders of the Bonds and the Notes to comply with the secondary market disclosure requirements of the Securities and Exchange Commission's Rule 15c2-12 ("Rule 15c2-12") applicable to the Bonds and the Notes. See "SECONDARY MARKET DISCLOSURE" and "APPENDIX D – FORM OF CONTINUING DISCLOSURE AGREEMENT" herein.

DESCRIPTION OF THE BONDS AND NOTES

General

The Bonds will be dated the date of delivery thereof, will mature on the dates and in the amounts and will bear interest payable semiannually as set forth on the inside cover page hereof to the registered owners of the Bonds as of each February 1 and August 1 (each a "Record Date") immediately preceding each February 15 and August 15 (each an "Interest Payment Date"), commencing February 15, 2010. The Notes are dated the date of delivery thereof and will mature on August 13, 2010. Interest on the Notes will be payable at maturity. So long as The Depository Trust Company, New York, New York ("DTC"), or its nominee is the registered owner of the Bonds and Notes, payments of the principal of and interest on the Bonds and Notes will be made by the Township directly to DTC or its nominee, Cede & Co., which will in turn remit such payments to DTC participants, which will in turn remit such payments to the beneficial owners of the Bonds and Notes. The Bonds and Notes may be purchased in book-entry only form in the amount of \$5,000 or any integral multiple of \$1,000 in excess thereof through book entries made on the books and the records of DTC and its participants. See "DESCRIPTION OF THE BONDS AND NOTES – Book-Entry-Only System" herein.

The Bonds and Notes will be issued in fully registered book-entry form only in the form of one certificate for each maturity of the Bonds and one certificate for the aggregate principal amount of the Notes, and, when issued, will be registered in the name of Cede & Co., as nominee of DTC. DTC will be responsible for maintaining a book-entry system for recording the interests of its participants and transfers of the interests among its participants. The participants will be responsible for maintaining records regarding the beneficial ownership interests in the Bonds and Notes on behalf of the individual purchasers. Individual purchasers of the Bonds and Notes will not receive certificates representing their beneficial ownership interests in the Bonds and Notes, but each book-entry owner will receive a credit balance on the books of DTC's nominee, and this credit balance will be confirmed by an initial transaction statement stating the details of the Bonds and Notes purchased. See "DESCRIPTION OF THE BONDS AND NOTES – Book-Entry-Only System" below.

Redemption

The Notes are not subject to redemption prior to their stated maturity.

The Bonds maturing prior to August 15, 2020 are not subject to redemption prior to their stated maturities. The Bonds maturing on or after August 15, 2020 are subject to redemption prior to maturity at the option of the Township, in whole or in part at any time, and if in part, in inverse order of their maturity and by lot within a maturity if less than all of the Bonds of such maturity are to be redeemed, on or after August 15, 2019. The Bonds subject to redemption shall be redeemed at the redemption price of 100% of the principal amount thereof plus accrued interest to the date fixed for redemption.

In the event of any redemption, notice thereof shall be mailed by first class mail, postage prepaid, to the registered owner of any Bonds to be redeemed at the address shown on the registration books of the Township not less than thirty (30) days nor more than sixty (60) days prior to the redemption date; provided, however, that failure to mail or receive such notice, or any defect therein, shall not affect the validity of the proceedings for redemption.

If notice of redemption has been given by mail, the Bonds or the portion thereof called for redemption shall be due and payable on the date fixed for redemption at the redemption price, together with accrued interest to the date fixed for redemption. Payment shall be made upon surrender of the Bonds redeemed.

Book-Entry-Only System

DTC, New York, New York, will act as securities depository for the Bonds and Notes. The Bonds and Notes will be issued as fully-registered securities in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each stated maturity of the Bonds in the aggregate principal amount of such maturity, and will be deposited with DTC. One fully registered Note certificate will be issued for the aggregate principal amount of the Notes and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 2.2 million issues of U.S. and non-U.S. equity, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct

Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC, in turn, is owned by a number of Direct Participants of DTC and members of the National Securities Clearing Corporation, Fixed Income Clearing Corporation, and Emerging Markets Clearing Corporation (NSCC, FICC and EMCC are also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has Standard & Poor's highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission.

Purchases of the Bonds or Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds or Notes on DTC's records. The ownership interest of each actual purchaser of each Bond or Note ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds or Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds or Notes, except in the event that use of the book-entry system for the Bonds or Notes, as applicable, is discontinued.

To facilitate subsequent transfers, all Bonds and Notes deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds and Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds and Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds and Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds or Notes may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds or Notes.

Redemption notices shall be sent to DTC. If less than all of the Bonds within a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds or Notes unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Township as soon as possible after the Record Date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Bonds and Notes are credited on the Record Date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and principal and interest payments on the Bonds and Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Paying Agent (as defined herein), on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor its nominee or the Township in its capacity as paying agent (herein the "Paying Agent") or as issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds and principal and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

THE TOWNSHIP AND ANY PAYING AGENT CANNOT AND DO NOT GIVE ANY ASSURANCES THAT DTC WILL DISTRIBUTE TO THE DIRECT PARTICIPANTS OR THAT THE DIRECT PARTICIPANTS OR THE INDIRECT PARTICIPANTS WILL DISTRIBUTE TO THE BENEFICIAL OWNERS OF THE BONDS AND NOTES: (I) PAYMENTS OF PRINCIPAL, REDEMPTION PRICE OR INTEREST THEREON; (II) CERTIFICATES PREPRESENTING AN OWNERSHIP INTEREST OR OTHER CONFIRMATION OF BENEFICIAL OWNERSHIP INTEREST IN THE BONDS OR NOTES; OR (III) REDEMPTION OR OTHER NOTICES SENT TO DTC OR CEDE & CO., ITS NOMINEE, AS THE REGISTERED OWNER, OR THAT THEY WILL DO SO ON A TIMELY BASIS OR THAT DTC, DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS WILL SERVE AND ACT IN THE MANNER DESCRIBED IN THIS OFFICIAL STATEMENT.

NEITHER THE TOWNSHIP NOR ANY PAYING AGENT WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO ANY DIRECT PARTICIPANT, INDIRECT PARTICIPANT OR ANY PERSON CLAIMING A BENEFICIAL OWNERSHIP INTEREST IN THE BONDS OR NOTES UNDER OR THROUGH DTC OR ANY DIRECT PARTICIPANT, OR ANY OTHER PERSON WHO IS NOT SHOWN IN THE REGISTRATION BOOKS OF THE TOWNSHIP AS BEING A HOLDER OF THE BONDS OR NOTES. THE TOWNSHIP AND ANY PAYING AGENT SHALL HAVE NO RESPONSIBILITY WITH RESPECT TO: (I) ANY OWNERSHIP INTEREST IN THE BONDS AND NOTES; (II) THE PAYMENT BY DTC TO ANY DIRECT PARTICIPANT OR BY ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT OF ANY AMOUNT DUE TO ANY BENEFICIAL OWNER IN RESPECT OF THE PRINCIPAL, REDEMPTION PRICE OR INTEREST ON THE BONDS OR NOTES; (III) THE DELIVERY TO, ANY DIRECT PARTICIPANT, INDIRECT PARTICIPANT OR ANY BENEFICIAL OWNER OF ANY REDEMPTION OR OTHER NOTICE WHICH IS PERMITTED OR REQUIRED TO BE GIVEN TO HOLDERS OF THE BONDS OR NOTES; (IV) THE SELECTION OF THE BENEFICIAL OWNERS TO RECEIVE PAYMENT IN THE EVENT OF ANY PARTIAL REDEMPTION OF THE BONDS; OR (V) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC OR CEDE & CO. AS HOLDER OF THE BONDS OR NOTES.

SO LONG AS CEDE & CO. IS THE REGISTERED OWNER OF THE BONDS OR NOTES AS NOMINEE OF DTC, REFERENCES HEREIN TO THE HOLDERS OR REGISTERED OWNERS OF THE BONDS OR NOTES OTHER THAN UNDER THE CAPTION "TAX MATTERS" SHALL MEAN CEDE & CO. AND SHALL NOT MEAN THE BENEFICIAL OWNERS OF THE BONDS OR NOTES.

For every transfer and exchange of Bonds or Notes, Owners requesting such transfer or exchange may be charged a sum sufficient to cover any tax, governmental charge or transfer fees that may be imposed in relation thereto, which charge may include transfer fees imposed by the Township, any Paying Agent, DTC or the Participant in connection with such transfers or exchanges.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources the Township believes to be reliable, but the Township takes no responsibility for the sufficiency, completeness or accuracy thereof.

THE TOWNSHIP WILL NOT HAVE ANY RESPONSIBILITY OR OBLIGATION TO SUCH DTC PARTICIPANTS OR THE PERSONS FOR WHOM THEY ACT AS NOMINEES WITH RESPECT TO THE PAYMENTS TO OR PROVIDING OF NOTICE FOR THE DTC PARTICIPANTS OR BENEFICIAL OWNERS.

SO LONG AS CEDE & CO. IS THE REGISTERED OWNER OF THE BONDS AND NOTES, AS NOMINEE OF DTC, REFERENCES HEREIN TO THE BOND HOLDERS, THE NOTE HOLDERS OR THE REGISTERED OWNERS OF THE BONDS OR NOTES (OTHER THAN UNDER THE CAPTION "TAX MATTERS") SHALL MEAN CEDE & CO. AND SHALL NOT MEAN THE BENEFICIAL OWNERS OF THE BONDS AND NOTES.

Discontinuation of Book-Entry Only System

DTC may discontinue providing its services as depository with respect to the Bonds and/or Notes at any time by giving reasonable notice to the Township as Paying Agent. Under such circumstances, in the event that a successor depository is not obtained, Bond or Note certificates, as applicable, are required to be printed and delivered.

If the Township, in its sole discretion, determines that DTC is not capable of discharging its duties, or if DTC discontinues providing its services with respect to the Bonds and/or Notes at any time, the Township will attempt to locate another qualified Securities Depository. If the Township fails to find such Securities Depository, or if the Township determines, in its sole discretion, that it is in the best interest of the Township or that the interest of the Beneficial Owners might be adversely affected if the book-entry only system of transfer is continued (the Township undertakes no obligation to make an investigation to determine the occurrence of any events that would permit it to make such determination) the Township shall notify DTC of the termination of the book-entry only system. In the event of such termination, Bond or Note certificates, as applicable, will be printed and delivered.

In the event that the book-entry only system for the Bonds and/or Notes is discontinued, the Township has provided that upon receipt of the certificates from DTC and the Participant information, the Township will authenticate (or cause to be authenticated) and deliver definitive Bonds and/or Notes, as applicable, to the holders thereof, and the principal of and interest on the Bonds and/or Notes, as applicable, will be payable and the Bonds and/or Notes may thereafter be transferred or exchanged in the manner described in the Bond or Note certificates so provided.

The enforceability of rights or remedies with respect to such Bonds and Notes may be limited by bankruptcy, insolvency or other laws affecting creditors' rights or remedies heretofore or hereafter enacted.

NO DEFAULT

The Township has never defaulted in the payment of any bonds or notes nor are any payments of principal or interest on the Township's indebtedness past due.

PROVISIONS FOR THE PROTECTION OF GENERAL OBLIGATION DEBT

Local Bond Law (N.J.S.A. 40A:2-1 et seq.)

The Local Bond Law governs the issuance of bonds and notes to finance certain general municipal and utility capital expenditures. Among its provisions are requirements that bonds must mature within the statutory period of usefulness of the projects bonded and that bonds be retired in serial installments. A 5% cash down payment is generally required toward the financing of expenditures for municipal purposes. All bonds and notes issued by the Township are general full faith and credit obligations.

The authorized bonded indebtedness of the Township is limited by statute, subject to the exceptions noted below, to an amount equal to 3.5% of its average equalized valuation basis. The average for the last three years, of the equalized value of all taxable real property and improvements and certain Class II railroad property within its boundaries, as annually determined by the State Director of Taxation is \$4,972,584,788.

Certain categories of debt are permitted by statute to be deducted for purposes of computing the statutory debt limit including school bonds that do not exceed the school bond borrowing margin and certain debt that may be deemed self-liquidating.

The Township has not exceeded its statutory debt limit. On June 30, 2009, the statutory net debt as a percentage of average equalized valuation was 1.40%. As noted above, the statutory limit is 3.5%.

The Township may exceed its debt limit with the approval of the Local Finance Board, in the Division of Local Government Services, New Jersey Department of Community Affairs (the "Local Finance Board"), a State regulatory agency, and as permitted by other statutory exceptions. If all or any part of a proposed debt authorization would exceed its debt limit, the Township may apply to the Local Finance Board for an extension of credit. If the Local Finance Board determines that a proposed debt authorization would not materially impair the credit of the Township or substantially reduce the ability of the Township to meet its obligations or makes certain other statutory determinations, approval is granted. In addition, debt in excess of the statutory limit may be issued by the Township to fund certain notes, to provide for self-liquidating purposes, and, in each fiscal year, to provide for purposes in an amount not exceeding 2/3 of the amount budgeted in such fiscal year for the retirement of outstanding obligations (exclusive of utility and assessment obligations).

The Township may sell short-term "bond anticipation notes" to temporarily finance a capital improvement or project in anticipation of the issuance of bonds, if the bond ordinance or subsequent resolution so provides. Bond anticipation notes for capital improvements may be issued in an aggregate amount not exceeding the amount specified in the ordinance, as may be amended and supplemented, creating such capital expenditures. A local unit's bond anticipation notes may be issued for periods not greater than one year and may be renewed from time to time for additional periods, none of which shall exceed one year; all such notes, including renewals, shall mature and be paid not later than the first day of the fifth month following the close of the tenth fiscal year next following the date of the original notes; and no such notes shall be renewed beyond the third anniversary date of the original notes unless an amount of such notes, at least equal to the first legally payable installment of the bonds in anticipation of which those notes are issued, is paid and retired on or before each subsequent anniversary date beyond which such notes are renewed from funds other than the proceeds of obligations.

School Debt Subject to Voter Approval

State law permits the school district, upon approval of the voters, to authorize school district debt, including debt in excess of its independent debt limit of 4% of the equalized valuation of taxable property in the district, by using the available borrowing capacity of the Township. If such debt is in excess of the school district debt limit and the remaining borrowing capacity of the Township, the State Commissioner of Education and the Local Finance Board must approve the proposed debt authorization before it is submitted to the voters.

The Local Budget Law (N.J.S.A. 40A:4-1 et seq.)

The foundation of the New Jersey local finance system is the annual cash basis budget. Every local unit must adopt an annual operating budget in the form required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Certain items of revenue and appropriation are regulated by law and the proposed operating budget must be certified by the Director of the Division (the "Director") prior to final adoption. The Local Budget Law requires each local unit to appropriate sufficient funds for payment of current debt service, and the Director is required to review the adequacy of such appropriations.

Tax anticipation notes are limited in amount by law and must be paid off within 120 days of the close of the fiscal year (six months in the case of counties).

The Director has no authority over individual operating appropriations, unless a specific amount is required by law, but the review functions, focusing on anticipated revenues serve to protect the solvency of all local units.

The cash basis budgets of local units must be in balance, i.e., the total of anticipated revenues must equal the total of appropriations (N.J.S.A. 40A:4-22). If in any year a local unit's expenditures, including reserved appropriation balances, exceed its realized revenues for that year, then such excess must be raised in the succeeding year's budget.

The budget also must provide for any cash deficits of the prior year.

Limitations on Expenditures ("Cap Law")(N.J.S.A. 40A:4-45.1 et seq.)

A provision of law known as the New Jersey "Cap Law" (N.J.S.A. 40A:4-45.1 et seq.) imposes limitations on increases in municipal appropriations subject to various exceptions. The payment of debt service is an exception from this limitation. The Cap formula is somewhat complex, but basically, it permits a municipality to increase its overall appropriations by the lesser of 2.5% or the "Index Rate". The "Index Rate" is the rate of annual percentage increase, rounded to the nearest one-half percent, in the Implicit Price Deflator for State and Local Government purchases of goods and services computed by the U.S. Department of Commerce. Exceptions to the limitations imposed by the Cap Law also exist for other things including capital expenditures; extraordinary expenses approved by the Local Finance Board for implementation of an interlocal services agreement; expenditures mandated as a result of certain emergencies; and certain expenditures for services mandated by law. Counties are also prohibited from increasing their tax levies by more than the lesser of 2.5% or the Index Rate subject to certain exceptions. Municipalities by ordinance approved by a majority of the full membership of the governing body may increase appropriations up to 3.5% over the prior year's appropriation and counties by resolution approved by a majority of the full membership of the governing body may increase the tax levy up to 3.5% over the prior years' tax levy in years when the Index Rate is 2.5% or less.

Additionally, legislation constituting P.L. 2007, c.62, effective April 3, 2007, imposes a 4% cap on the tax levy of a municipality, county, fire district or solid waste collection district, with certain exceptions and subject to a number of adjustments. The exclusions from the limit include increases required to be raised for debt service and certain lease payments to county improvement authorities, increases to replace certain lost state aid, increases in certain pension contributions, increases in the reserve for uncollected taxes required for municipalities, and certain increases in health care costs over 4%. The Local Finance Board may approve waivers for certain extraordinary costs identified by the statute, and voters may approve increases over 4% not otherwise permitted by a vote of 60% of the voters voting on a public question.

The "Cap Law" does not limit the obligation of the local unit to levy ad valorem taxes upon all taxable real property within the local unit to pay debt service on its bonds or notes.

Miscellaneous Revenues

The Local Budget Law (N.J.S.A. 40A:4-26) provides that: "No miscellaneous revenues from any source shall be included as an anticipated revenue in the budget in an amount in excess of the amount actually realized in cash from the same source during the next preceding fiscal year, unless the Director shall determine upon application by the governing body that the facts clearly warrant the expectation that such excess amount will actually be realized in cash during the fiscal year and shall certify such determination, in writing, to the local unit."

No budget or amendment thereof shall be adopted unless the Director shall have previously certified his approval of such anticipated revenues except that categorical grants-in-aid contracts may be included for their face amount with an offsetting appropriation. The fiscal years for such grants rarely coincide with the municipality's calendar year. Grant revenues are fully realized in the year in which they are budgeted by the establishment of accounts receivable and off setting reserves.

Real Estate Taxes

The same general principle that revenue cannot be anticipated in a budget in excess of that realized in the preceding year applies to property taxes. N.J.S.A. 40A:4-29 governs anticipation of delinquent tax collections: "The maximum which may be anticipated is the sum produced by multiplication of the amount of delinquent taxes unpaid and owing to the local unit on the first day of the current fiscal year by the percentage of collection of delinquent taxes for the year immediately preceding the current fiscal year."

N.J.S.A. 40A:4-41 provides with regard to current taxes that: "Receipts from the collection of taxes levied or to be levied in the municipality, or in the case of a county for general county purposes and payable in the fiscal year shall be anticipated in an amount which is not in excess of the percentage of taxes levied and payable during the next preceding fiscal year which was received in cash by the last day of the preceding fiscal year."

This provision and N.J.S.A. 40A:4-40 require that an additional amount (the "Reserve for Uncollected Taxes") be added to the tax levy required to balance the budget so that when the percentage of the prior year's tax collection is applied to the combined total, the product will at least be equal to the tax levy required to balance the budget. The reserve requirement is calculated as follows: the levy required to balance the budget, divided by the prior year's percentage of current tax collections, equals the total taxes to be levied.

Deferral of Current Expenses

Emergency appropriations (those made after the adoption of the budget and the determination of the tax rate) may be authorized by the Township Council. However, with minor exceptions, such appropriations must be included in full in the following year's budget.

The exceptions are certain enumerated quasi-capital projects ("special emergencies") such as ice, snow, and flood damage to streets, roads and bridges, which may be amortized over three years, and tax map preparation, re-evaluation programs, revisions and codification of ordinances, master plan preparations and drainage map preparation for flood control purposes which may be amortized over five years. Of course, emergency appropriations for capital projects may be financed through the adoption of a bond ordinance and amortized over the useful life of the project.

Budget Transfers

Budget transfers provide a degree of flexibility and afford a control mechanism. Transfers between major appropriation accounts are prohibited, except for: (i) during the first three (3) months of a current fiscal year, appropriation reserves may be transferred within the immediately preceding fiscal year's budget; and (ii) transfers between major appropriation accounts are permitted during the last two (2) months of a current fiscal year. Such transfers are subject to certain restrictions and must be approved by two-thirds of the full membership of the governing body of a local governmental unit. Although sub-accounts within an appropriation account are not subject to the same year-end transfer restriction, they are subject to internal review and approval.

Operation of Utilities

Municipal public utilities are supported by the revenues generated by the respective operations of the utilities in addition to the general taxing power upon real property. For each utility, there is established a separate budget. The anticipated revenues and appropriations for each utility are set forth in the separate budget. The budget is required to be balanced and to provide fully for debt service. The regulations regarding anticipation of revenues and deferral of charges apply equally to the budgets of the utilities. Deficits or anticipated deficits in utility operations which cannot be provided for from utility surplus, if any, are required to be raised in the "current" or operating budget.

Capital Budget

In accordance with the Local Budget Law, the Township must adopt and may from time to time amend rules and regulations for capital budgets, which rules and regulations must require a statement of capital undertakings underway or projected for a period not greater than over the next ensuing six years as a general improvement program. The capital budget, when adopted, does not constitute the approval or appropriation of funds, but sets forth a plan of the possible capital expenditures which the local unit may contemplate over the six years. Expenditures for capital purposes may be made either by ordinances adopted by the governing body setting forth the items and the method of financing or from the annual operating budget if the terms were detailed.

Tax Assessment and Collection Procedure

Property valuations are determined on true values as arrived at by a cost approach, market data approach and capitalization of net income, where appropriate. Current assessments are the results of new assessments on a like basis with established comparable properties for newly assessed or purchased properties. While this method assures equitable treatment to like property owners, it often results in a

divergence of the assessment ratio to true value. Because of the changes in property resale values, annual adjustments could not keep pace with the changing values. A re-evaluation of all property in the Township was last completed in 1999.

Upon the filing of certified adopted budgets by the Township's Local School District, Fire Districts and the County, the tax rate is struck by the County Board of Taxation based on the certified amounts in each of the taxing districts for collection to fund the budgets. The statutory provision for the assessment of property, levying of taxes and the collection thereof are set forth in N.J.S.A. 54:4-1 et seq. Special taxing districts are permitted in New Jersey for various special services rendered to the properties located within the special districts.

The Township operates on a June 30 fiscal year end. Thus, the Municipal Purpose tax is calculated and billed based upon a July 1 through June 30 fiscal year, as opposed to County and Local School District Taxes that are calculated and billed on a calendar year cycle. As a result of the differing year-ends, tax bills are calculated and mailed semi-annually in June and in December.

For calendar year tax liabilities, the taxes due August 1 and November 1 respectively are adjusted to reflect the remaining balance due for the current calendar year's total tax liability. Preliminary estimated taxes are due February 1 and May 1 of the succeeding year, based upon one-half of the current calendar year's total tax.

The Municipal Purpose tax, calculated on a June 30 fiscal year, is billed for August 1 and November 1 based upon one half of the total estimated needs for the current fiscal year. The February 1 and May 1 tax bills are adjusted to reflect the balance of the current fiscal year levy for the Municipal Purpose Tax.

Tax installments not paid on or before the due date are subject to interest penalties of 8% per annum on the first \$1,500.00 of the delinquency and 18% per annum on any amount in excess of \$1,500.00. These interest and penalties are the highest permitted under New Jersey statutes. Pursuant to c. 75, P.L. 1991, the governing body may also fix a penalty to be charged to the taxpayer with a delinquency in excess of \$10,000 who fails to pay that delinquency prior to the end of the calendar year. The penalty so fixed shall not exceed six percent (6%) of the amount of the delinquency. These interest and penalties are also the highest permitted under the New Jersey Statutes. Delinquent taxes are included in a tax sale prior to the end of each fiscal year in accordance with New Jersey statutes.

State Supervision

State law authorizes State officials to supervise fiscal administration in any municipality which is in default on its obligations; experiences severe tax collection problems for two (2) successive years; has a deficit greater than four percent (4%) of its tax levy for two (2) successive years; has failed to make payments due and owing to the State, county, school district or special district for two (2) consecutive years; has an appropriation in its annual budget for the liquidation of debt which exceeds twenty-five percent (25%) of its total operating appropriations (except dedicated revenue appropriations) for the previous budget year; or has been subject to a judicial determination of gross failure to comply with the Local Bond Law, the Local Budget Law, or the Local Fiscal Affairs Law, N.J.S.A. 40A:5-1 et seq., which substantially jeopardizes its fiscal integrity. State officials are authorized to continue such supervision for as long as any of the conditions exist and until the municipality operates for a fiscal year without incurring a cash deficit.

Tax Appeals

The New Jersey statutes provide a taxpayer with remedial procedures for appealing an assessment deemed excessive. Prior to February 1 in each year, the Township must mail to each property owner a notice of the current assessment and taxes on the property. The taxpayer has a right to petition the County Tax Board on or before the April 1 for review. The County Board of Taxation has the authority after a hearing to decrease or reject the appeal petition. These adjustments are usually concluded within the current tax year and reductions are shown as canceled or remitted taxes for that year. If the taxpayer feels his petition was unsatisfactorily reviewed by the County Board of Taxation, an appeal may be made to the Tax Court of New Jersey for further hearing. Some State Tax Court appeals may take several years prior to settlement and any losses in tax collections from prior years are charged directly to operations.

The Local Fiscal Affairs Law (N.J.S.A. 40A:5-1 et seq.)

This law regulates the non-budgetary financial activities of local government. The chief financial officer of every local unit must file annually, with the Director, a verified statement of the financial condition of the local unit and all constituent boards, agencies or commissions.

An independent examination of the Township's accounts must be performed annually by a licensed registered municipal accountant. The audit, conforming to the Division of Local Government Services' "Requirements of Audit," which must be completed within six (6) months after the close of its fiscal year, includes recommendations for improvement of the local unit's financial procedures and must be filed with the report, together with all recommendations made, and must be published in a local newspaper within 30 days of its submission. The entire annual audit report for the year ended June 30, 2008 is on file with the Township Clerk and is available for review during business hours.

LITIGATION

To the knowledge of the Township Attorney, DeCotiis, FitzPatrick, Cole & Wisler, L.L.P., Teaneck, New Jersey, there is no litigation of any nature now pending or threatened, restraining or enjoining the issuance or the delivery of the Bonds or Notes, or the levy or the collection of any taxes to pay the principal of or the interest on the Bonds or Notes, or in any manner questioning the authority or the proceedings for the issuance of the Bonds or Notes or for the levy or the collection of taxes, or contesting the corporate existence or the boundaries of the Township or the title of any of the present officers. Moreover, to the knowledge of the Township Attorney, no litigation is presently pending or threatened that, in the opinion of the Township Attorney, would have a material adverse impact on the financial condition of the Township if adversely decided. A certificate to such effect will be executed by the Township's Attorney and delivered at the closing.

TAX MATTERS

Exclusion of Interest on the Bonds and Notes From Gross Income for Federal Tax Purposes

The Internal Revenue Code of 1986, as amended (the "Code"), imposes certain requirements that must be met on a continuing basis subsequent to the issuance of the Bonds and Notes in order to assure that interest on the Bonds and Notes will be excluded from gross income for federal income tax purposes under Section 103 of the Code. The Bonds and Notes are treated as a single issue for federal income tax purposes. Failure of the Township to comply with the requirements of the Code may cause interest on the Bonds and Notes to lose the exclusion from gross income for federal income tax purposes, retroactive to the date of issuance of the Bonds and Notes. The Township will make certain representations in its Tax Certificate, which will be executed on the date of issuance of the Bonds and Notes, as to various tax requirements. The Township has covenanted to comply with the provisions of the Code applicable to the

Bonds and Notes and has covenanted not to take any action or fail to take any action that would cause the interest on the Bonds and Notes to lose the exclusion from gross income under Section 103 of the Code or cause interest on the Bonds and Notes to be an item of tax preference under Section 57 of the Code. McCarter & English, LLP, Bond Counsel to the Township, has relied upon the representations made in the Tax Certificate and has assumed continuing compliance by the Township with the above covenants in rendering its federal income tax opinions with respect to the exclusion of interest on the Bonds and Notes from gross income for federal income tax purposes and with respect to the treatment of interest on the Bonds and Notes for the purposes of alternative minimum tax.

McCarter & English, LLP is of the opinion that, under existing law, interest on the Bonds and Notes is excluded from gross income of the owners of the Bonds and Notes for federal income tax purposes pursuant to Section 103 of the Code, and interest on the Bonds and Notes is not an item of tax preference under Section 57 of the Code for purposes of computing alternative minimum tax.

Additional Federal Income Tax Consequences

In the case of certain corporate holders of the Bonds and Notes, interest on the Bonds and Notes will be included in the calculation of the alternative minimum tax as a result of the inclusion of interest on the Bonds and Notes in “adjusted current earnings” of certain corporations.

Prospective purchasers of the Bonds or the Notes should be aware that ownership of, accrual or receipt of interest on or disposition of tax-exempt obligations, such as the Bonds or the Notes, may have additional federal income tax consequences for certain taxpayers, including, without limitation, taxpayers eligible for the earned income credit, recipients of certain Social Security and certain Railroad Retirement benefits, taxpayers that may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, financial institutions, property and casualty companies, foreign corporations and certain S corporations. Prospective purchasers of the Bonds or Notes may also wish to consult with their tax advisors with respect to the need to furnish certain taxpayer information in order to avoid back up withholding.

Bond Counsel expresses no opinion regarding any federal tax consequences other than its opinion with regard to the exclusion of interest on the Bonds and Notes from gross income pursuant to Section 103 of the Code and interest on the Bonds and Notes not constituting an item of tax preference under Section 57 of the Code. Prospective purchasers of the Bonds or the Notes should consult their tax advisors with respect to all other tax consequences (including, but not limited to, those listed above) of holding the Bonds or the Notes.

State Taxation

Bond Counsel is of the opinion that, based upon existing law, interest on the Bonds and the Notes and net gains from the sale thereof are exempt from the tax imposed by the New Jersey Gross Income Tax Act.

Miscellaneous

Federal, state or local legislation, administrative pronouncements or court decisions may affect the tax-exempt status of interest on the Bonds and Notes, gain from the sale or other disposition of the Bonds and Notes, the market value of the Bonds and Notes, or the marketability of the Bonds and Notes. The effect of any legislation, administrative pronouncements or other court decisions cannot be predicted. Prospective purchasers of the Bonds and Notes should consult their own tax advisers regarding such matters.

RATINGS

Standard & Poor's Ratings Services (the "Rating Agency") has assigned its rating of "AA" to the Bonds and assigned its rating of "SP-1+" to the Notes. The ratings reflect only the view of the Rating Agency, and an explanation of the significance of such ratings may only be obtained from the Rating Agency. The Township furnished to the Rating Agency certain information and materials concerning the Bonds and Notes and the Township. There can be no assurance that the ratings will be maintained for any given period of time or that the ratings may not be raised, lowered or withdrawn entirely if, in the Rating Agency's judgment, circumstances so warrant. Any downward change in, or withdrawal of such ratings, may have an adverse effect on the marketability or market price of the Bonds or Notes.

LEGALITY FOR INVESTMENT

The laws of the State provide that the State and all public officers, municipal corporations, political subdivisions and public bodies, all banks, bankers, trust companies, savings and loan associations, savings banks and institutions, building and loan associations, investment companies, and other persons carrying on a banking business, all insurance companies, all insurance associations and other persons carrying on an insurance business, and all executors, administrators, guardians, trustees, and other fiduciaries may legally invest any sinking funds, moneys or other funds belonging to them or within their control in any bonds or other obligations of the Township, including the Bonds and Notes, and such obligations are authorized security for all public deposits.

MUNICIPAL BANKRUPTCY

The undertakings of the Township should be considered with reference to Chapter 9 of the United States Bankruptcy Code ("Bankruptcy Code"), 11 U.S.C. Section 901 to 946. Under Chapter 9 of the Bankruptcy Code, a municipality, a political subdivision or public agency or instrumentality of the State that is insolvent or unable to meet its debts may file a petition in a United States Bankruptcy Court ("Bankruptcy Court") to adjust its debts. Chapter 9 of the Bankruptcy Code does not permit such entity to liquidate its assets and distribute the proceeds of its assets to its creditors. Chapter 9 of the Bankruptcy Code permits a financially distressed public entity to seek protection from its creditors by staying the commencement or continuation of certain actions against such public entity while it formulates and negotiates a plan of adjustment of its debts which can be binding on a dissenting minority of creditors if it is acceptable to the majority of creditors. Should the Township file a petition in the Bankruptcy Court under Chapter 9 of the Bankruptcy Code prior to the payment in full of the principal of and interest on the Bonds or Notes, the holders of the Bonds or Notes would be considered creditors and would be bound by the public entity's plan of adjustment of its debt.

Reference should also be made to N.J.S.A. 52:27-40 et seq. which provides that any "political subdivision" of the State as defined therein, which includes the Township, has the power to file a petition with the Bankruptcy Court under Chapter 9 of the Bankruptcy Code provided the "political subdivision" has obtained approval of the Municipal Finance Commission (the powers of the Municipal Finance Commission have been vested in the Local Finance Board). Section 903 of the Bankruptcy Code, 11 U.S.C. Section 903, specifically provides that Chapter 9 of the Bankruptcy Code does not limit or impair the power of a state to control, by legislation or otherwise, a municipality of or in such state in the exercise of the political or governmental powers of such municipality; provided, however, that a state law prescribing a method of composition of indebtedness of the municipality may not bind any creditor that does not consent to such composition and that a judgment entered under such state law may not bind a creditor that does not consent to such composition.

THE ABOVE REFERENCES TO THE FEDERAL AND STATE BANKRUPTCY LAWS ARE NOT TO BE CONSTRUED AS AN INDICATION THAT THE TOWNSHIP EXPECTS TO RESORT TO THE PROVISIONS OF SUCH BANKRUPTCY LAWS OR THAT, IF IT DID, SUCH ACTION WOULD BE APPROVED BY THE LOCAL FINANCE BOARD, OR THAT ANY PROPOSED PLAN WOULD INCLUDE A DILUTION OF THE SOURCES OF PAYMENT OF AND SECURITY FOR THE BONDS OR NOTES.

APPROVAL OF LEGAL PROCEEDINGS

All legal matters incident to the authorization, the issuance, the sale and the delivery of the Bonds and Notes are subject to the approval of McCarter & English, LLP, Newark, New Jersey, Bond Counsel to the Township, whose approving legal opinions will be delivered with the Bonds and Notes substantially in the forms set forth in Appendix C to this Official Statement. Certain legal matters will be passed on for the Township by its attorney, DeCotiis, FitzPatrick, Cole & Wisler, L.L.P., Teaneck, New Jersey.

The various legal opinions and/or certifications to be delivered concurrently with the delivery of the Bonds and the Notes express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. In rendering a legal opinion and/or certification, the attorney does not become an insurer or guarantor of that expression of professional judgment, of the transaction opined upon, or the future performance of parties to the transaction. Nor does the rendering of an opinion and/or certification guarantee the outcome of any legal dispute that may arise out of the transaction.

APPENDIX A

INFORMATION CONCERNING
THE TOWNSHIP OF NORTH BRUNSWICK

[THIS PAGE INTENTIONALLY LEFT BLANK]

THE TOWNSHIP

The following economic and employment information may be relevant to evaluating the economic and financial condition of the Township. This information, which has been obtained from the sources indicated, does not purport to be definitive or present a complete picture of the economy of the Township. Furthermore, such information may require further economic analysis in order to assess the facts and figures presented. Such analysis is not included because it would be conjectural.

Early History

The 12.3 square miles of North Brunswick, a township of approximately 36,287 citizens (U.S. Census Bureau, Census 2000), is comprised of a growing number of industrial and commercial firms, radiating from the Route 1 and Route 130 interchange and is just south of New Brunswick. It may seem strange to be south of its adjacent City and still be called "North Brunswick," but the Township was formerly embraced with the boundaries of Piscataway and early in the 19th century was referred to as "North Ward of New Brunswick."

Until 1860, New Brunswick was within the Township limits of North Brunswick and the town meetings were generally held there. By an act of the Assembly, on February 28, 1860, New Brunswick was separated from North Brunswick.

Government Structure

Effective January 1, 1984, the Township of North Brunswick changed its form of government from the Township Committee form to the Mayor Council Administrator Plan, created by N.J.S.A. 40:69A-149.1 *et seq.* Under this plan, the Mayor and six Councilmen are elected at partisan elections for terms of four years and three years, respectively. Council terms are staggered; therefor, an election is held annually in the Township.

The Township Council meets two evenings a month. The first and third Mondays are regular meetings, and the Mondays preceding the regular meetings are work sessions or conference meetings. Both work sessions and regular meetings are open to the public in compliance with New Jersey's Sunshine Law (Open Public Meetings Act). At regular meetings citizens are given an opportunity to speak on proposed ordinances. There is also a time set aside on the meeting agenda so that any citizen may address the Township Council on any matter of concern to him or her. Citizen comment is also solicited at work sessions.

Before, during and after all meetings, the Mayor and council are available to discuss citizens' complaints, to answer questions and to offer opinions and solutions to problems before they become issues that may require the attention of the Mayor and Township Council. This service is provided for the benefit of those citizens who may not be able to come to the municipal building during daytime working hours.

The Mayor, who has the responsibility of implementing the policies of the Township Council, exercises the executive power of the Township. The Township Administrator functions as liaison officer between the Township Council, municipal personnel and citizens of the Township. He is also the chief personnel officer of the Township and directs and supervises personnel policies and procedures and reports to the Township Council regarding same. The Township Administrator is responsible for the implementation of the administrative and legislative actions of the Mayor and Council and performs such other duties as may be directed.

Geographic Location

The Township is located in Middlesex County, New Jersey, approximately 30 miles south of New York City and 25 miles north of the State Capital, Trenton. The Township consists of approximately 12 square miles with existing land use as follows:

	<u>Acres</u>	<u>Percentage of Total Land</u>

Transportation

North Brunswick has excellent transportation facilities. The New Jersey Turnpike is only five minutes driving time from the center of the Township. U.S. Highway Route No. 1, between New York and Philadelphia, traverses the entire length of the Township. U.S. Highway Route No. 130 joins U.S. Highway Route No. 1 within the Township and extends to Camden and the Philadelphia area.

Express motor coaches carry commuters between New York and two “park-and-ride” stations adjacent to North Brunswick.

North Brunswick is midway between two of the nation’s largest deepwater ports, New York and Philadelphia. Port Newark-Elizabeth, the busiest port of New York Harbor, includes the world’s largest containers shipping complex. Industries also conduct water freight operations locally in the Raritan River and Raritan Bay.

Utilities

The Public Service Electric and Gas Co. provides natural gas and electricity. The Township owns its own water utility which provides service to Township residents and its own sewer utility through which wastewater is discharged into the Middlesex County Utilities Authority system for final collection, treatment and disposal. As a result of a resource management review conducted in 1994 and 1995, the Township entered into a long-term management agreement with U.S. Water, Inc. relating to the water and sewer utilities.

In early 2000, the Township of North Brunswick opted to participate in a program offered by the Middlesex County Improvement Authority (“MCIA”) intended to provide savings to municipalities in Middlesex County through the procurement and selection of private firms and the negotiation of long-term agreements for the provision of water and wastewater services. The MCIA undertook these tasks on behalf of the Township in accordance with the “New Jersey Water Supply Public-Private Contracting Act,” N.J.S.A. 58:26-19, et seq., and the “New Jersey Wastewater Treatment Public-Private Contracting Act,” N.J.S.A. 58:27-19, et seq.

Effective October 1, 2002, the Township terminated its existing agreement with U.S. Water, Inc. for the combined operation, maintenance, and management of the water and sewer systems. In place of that agreement, the Township entered into a new twenty (20) year agreement with U.S. Water Service Company LLC (an affiliate of U.S. Water, Inc.) and the MCIA for the operation, maintenance and management of the Township's sewer system, and a separate twenty (20) year agreement with the MCIA for the operation maintenance and management of the Township's water system.

The Township provides garbage and trash removal which is paid for by budget appropriation.

Public Safety

The Township's Police Department is a force with 84 officers and patrolmen in addition to 16 clerical staff. The department has approximately 59 police cars with crime fighting equipment. The all-volunteer Fire Department has 25 pieces of equipment manned by 150 volunteers. Fire fighting training is provided by the Middlesex County Fire Academy. The North Brunswick First Aid and Rescue Squad provides ambulance service on a 24-hour basis. The Squad is comprised of 3 ambulance vehicles, 2 vans and 1 rescue truck.

Free Public Library

The Township has a library housed in its own facility and operated by a Library Board, the members of which are appointed by the Township Council.

Participation in the Middlesex County Utilities Authority

The Township is a participant in the Middlesex County Utilities Authority (the "Authority"), which services Middlesex County (the "County") and portions of Somerset and Union Counties. The Authority, under its present statutory authority, is responsible for the final collections and treatment of sewerage waste in the County. The rate covenant in effect annually determines the amounts to be paid by the users of the system on an estimated basis at the beginning of the year and adjusted in the following year for any deficits or overpayments. Under the rate covenant, North Brunswick has paid annually the following service charges, which are part of its local municipal budget.

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members
of the Township Council
Township of North Brunswick
County of Middlesex, New Jersey

We have audited the accompanying balance sheets – regulatory basis of the various funds of the Township of North Brunswick, County of Middlesex, New Jersey, as of June 30, 2008 and 2007 and the related statements of operations and changes in fund balance – regulatory basis for the years then ended and the related statements of revenues – regulatory basis and statements of expenditures – regulatory basis of the various funds for the year ended June 30, 2008. These financial statements are the responsibility of the Township's management. Our responsibility is to express an opinion on these financial statements based on our audits.

Except as discussed in the following paragraphs, we conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 2, these financial statements were prepared in conformity with accounting practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, United States of America, that demonstrate compliance with the modified accrual basis, with certain exceptions, and the budget laws of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. These prescribed principles are designed primarily for determining compliance with legal provisions and budgetary restrictions, and as a means of reporting on the stewardship of public officials with respect to public funds. Accordingly, the accompanying financial statements are not intended to present financial position and results of operations in accordance with accounting principles generally accepted in the United States of America.

The financial statements referred to in the first paragraph include the Statement of Governmental Fixed Assets. As disclosed in Note 2 to the financial statements, the Statement of Governmental Fixed Assets is unaudited and represents 100 percent of the assets of the governmental fixed asset group.

The financial statements referred to in the first paragraph include the assets and reserves of the Township's Length of Service Award Program, which is unaudited. The Length of Service Award Program is included in the Trust Funds.

In our opinion, because the prescribed regulatory basis of accounting as described in the third paragraph is utilized by the Township of North Brunswick, County of Middlesex, New Jersey for the purpose of financial statement preparation, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Township of North Brunswick, County of Middlesex, New Jersey as of June 30, 2008 and 2007 or the results of its operations, or cash flows of its proprietary funds for the year then ended.

However, in our opinion, except for the effects of such adjustments, if any, as might have been determined had we audited the Statement of Governmental Fixed Assets as of June 30, 2008 and 2007, the financial statements – regulatory basis referred to above present fairly, in all material respects, the financial position – regulatory basis of the various funds of the Township of North Brunswick, County of Middlesex, New Jersey as of June 30, 2008 and 2007 and the related statements of operations and changes in fund balance – regulatory basis for the years then ended and the related statements of revenues – regulatory basis and statements of expenditures – regulatory basis of the various funds for the year ended June 30, 2008, on the basis of accounting described in Note 2.

In accordance with *Government Auditing Standards*, we have also issued a report dated April 1, 2009 on our consideration of the Township of North Brunswick's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the financial statements of the Township of North Brunswick, County of Middlesex, New Jersey taken as a whole. The accompanying schedules of expenditures of federal and state financial assistance is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, "*Audits of States, Local Governments, and Non-Profit Organizations*" and New Jersey OMB Circular 04-04 and are not a required part of the financial statements. Additionally, the information included in the supplementary data and schedules listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements of the Township of North Brunswick, County of Middlesex, New Jersey. Such information, as identified herein, except for the completeness and the categorization of federal and state funding sources for certain grants, along with the reporting of various CFDA and account numbers included within the aforementioned schedules of financial assistance, on which we express no opinion, has been subjected to auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated in all material respects to the financial statements taken as a whole.

Honorable Mayor and Members
of the Township Council
Township of North Brunswick
County of Middlesex, New Jersey

We have reviewed the accompanying statement of assets, liabilities and net assets of the Township of North Brunswick Length of Service Award Program (LOSAP) as of June 30, 2008, and the related statement of revenues, expenses and other changes in net assets for the year then ended, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. All information included in these financial statements is the representation of the administration of the Township.

A review consists primarily of inquiries of the administration of the Township and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with auditing standards generally accepted in the United States of America, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

The Length of Service Award Program is a Township sponsored program and has no separate legal status or existence. The program prepares its financial statements in conformity with the accounting principles and practices prescribed by the Division of Local Government Service, Department of Community Affairs, State of New Jersey, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with the basis of accounting described in the note.

NOTES TO FINANCIAL STATEMENTS
THE FISCAL YEAR ENDED JUNE 30, 2008 AND JUNE 30, 2007

Note 1: FORM OF GOVERNMENT

The Township of North Brunswick is managed under a Mayor Council Administrator form of government. Under this plan, created by N.J.S.A. 40:69A-149 et seq., the Mayor and six Council members are elected at partisan elections for terms of four years and three years, respectively. The Township's major operations include public safety, road repair and maintenance, sanitation, fire protection, recreation and parks, health services, water and sewer, and general administrative services.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Except as noted below, the financial statements of the Township of North Brunswick include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Township of North Brunswick, as required by N.J.S.A. 40A:5-5. Accordingly, the financial statements of the Township of North Brunswick do not include the operations of the municipal library, the board of education, first aid organizations, volunteer fire companies or senior housing.

B. Description of Funds

The accounting policies of the Township of North Brunswick conform to the accounting principles applicable to municipalities that have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township of North Brunswick accounts for its financial transactions through the following separate funds:

Current Fund - resources and expenditures for governmental operations of a general nature, including Federal and State grant funds, except as otherwise noted.

Trust Fund - receipts, custodianship and disbursement of funds in accordance with the purposes for which each reserve was created. Pursuant to the provisions of N.J.S.A. 40A:4-39, the financial transactions of the following funds and accounts are also reported within the Trust Fund:

- Animal Control Trust Fund
- Unemployment Compensation Insurance Trust Fund
- Dedicated Law Enforcement Trust Fund
- Developer's Escrow Fund
- Community Development Block Grant Fund
- Open Space Trust Fund

General Capital Fund - resources, including Federal and State Grants in aid of construction, and expenditures for the acquisition of general capital facilities, other than those acquired through the Current Fund, including the status of bonds and notes authorized for said purposes.

Water Utility Fund - This fund is used to account for the revenues and expenditures for the operation of the Township's Water Utility activities and the assets and liabilities relative to such activities.

Sewer Utility Fund - This fund is used to account for the revenues and expenditures for the operation of the Township's Sewer Utility activities and the assets and liabilities relative to such activities.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

B. Description of Funds (Cont'd.)

Governmental Fixed Assets - Governmental Fixed Assets system is used to account for fixed assets used in governmental fund type operations for control purposes. All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available or any other reasonable basis, provided such basis is adequately disclosed in the financial statements. Donated fixed assets are valued at their estimated fair value on the date of donation. No depreciation is recorded on governmental fixed assets.

The Governmental Accounting Standards Board (GASB) is the accepted standards-setting body for establishing governmental accounting and financial reporting principles. GASB's Codification of Governmental Accounting and Financial Reporting Standards recognizes three fund categories and two account groups as appropriate for the accounting and reporting of the financial position and results of operations in accordance with generally accepted accounting principles in the United States of America. This structure of funds and account groups differs from the organization of funds prescribed under the regulatory basis of accounting utilized by the Borough. The resultant presentation of financial position and results of operations in the form of financial statements is not intended to present the basic financial statement presentation required by GAAP.

C. Basis of Accounting

Basis of Accounting and Measurement Focus – The basis of accounting prescribed by the Division of Local Government Services for its operating funds is generally a modified cash basis for revenue recognition and a modified accrual basis for expenditures. The operating funds utilize a “current financial resources” measurement focus. The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from generally accepted accounting principles (GAAP) applicable to local government units. The most significant is the reporting of entity-wide financial statements, which are not presented in the accounting principles prescribed by the Division. The other significant differences are as follows:

Revenues - Revenues are recorded as received in cash except for statutory reimbursements and grant funds that are due from other governmental units. State and Federal grants, entitlements and shared revenues received for operating purposes are realized as revenues when anticipated in the Township budget. Receivables for property taxes and water and sewer utility consumer charges are recorded with offsetting reserves within the Current Fund and Water and Sewer Utility Funds, respectively. Other amounts that are due to the Township, which are susceptible to accrual are recorded as receivables with offsetting reserves. These reserves are liquidated and revenues are recorded as realized upon receipt of cash. GAAP requires the recognition of revenues for general operations in the accounting period in which they become available and measurable, with the exception of water and sewer utility consumer charges, which should be recognized in the period they are earned and become measurable.

Expenditures - For purposes of financial reporting, expenditures are recorded as "paid or charged" or "appropriation reserves". Paid or charged refers to the Township "budgetary" basis of accounting. Generally, these expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the encumbrance accounting system. Reserves for unliquidated encumbrances at the close of the year are reported as a cash liability. Encumbrances do not constitute expenditures under GAAP.

Appropriation reserves refer to unexpended appropriation balances at the close of the year. Appropriation reserves are automatically created and recorded as a cash liability, except for amounts, which may be cancelled by the governing body. Appropriation reserves are available until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred and not recorded in the preceding fiscal year. Lapsed appropriation reserves are recorded as income.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

C. Basis of Accounting (Cont'd.)

Generally, unexpended balances of budget appropriations are not recorded as expenditures under GAAP.

For the purpose of calculating the results of Current Fund operations, the regulatory basis of accounting utilized by the Township requires that certain expenditures be deferred, and raised as items of appropriation in budgets of succeeding years. These deferred charges include the two general categories of overexpenditures and emergency appropriations. Overexpenditures occur when expenditures recorded as "paid or charged" exceed available appropriation balances. Emergency appropriations occur when, subsequent to the adoption of a balanced budget, the governing body authorizes the establishment of additional appropriations based on unforeseen circumstances or for other special purposes as defined by statute. Overexpenditures and emergency appropriations are deducted from total expenditures in the calculation of operating results and are established as assets for Deferred Charges on the Current Fund balance sheet. GAAP does not permit the deferral of overexpenditures to succeeding budgets. In addition, GAAP does not recognize expenditures based on the authorization of an appropriation. Instead, the authorization of special purpose expenditures, such as the preparation of tax maps or revaluation of assessable real property, would represent the designation of fund balance.

New Jersey statutes require municipalities to provide annual funding to Free Public Libraries through the Current Fund Budget. Amounts paid on behalf of the Free Public Library or transferred to the custody of the Library's management are recorded as budgetary expenditures of the Township, notwithstanding the fact that the Library is recognized as a separate entity for financial reporting purposes. Under GAAP, the Library would be recognized as a "component unit" of the Township, and discrete reporting of the Library's financial position and operating results would be incorporated in the Township's financial statements.

Compensated Absences - The Township has adopted policies, which set forth the terms under which an employee may accumulate earned, but unused, vacation and sick leave, establishes the limits on such accumulations and specifies the conditions under which the right to receive payment for such accumulations vests with the employee. The Township records expenditures for payments of earned and unused vacation and sick leave in the accounting period in which the payments are made. GAAP requires that expenditures be recorded in the governmental (Current) fund in an amount that would normally be liquidated with available financial resources, and that expenditures be recorded in the enterprise (Water Utility and Sewer Utility) fund on a full accrual basis.

Property Acquired for Taxes - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. GAAP requires such property to be recorded in the general fixed asset account group at the lower of cost or fair market value.

Self Insurance Reserves - Charges to self insurance reserves are recorded when payments of claims and related expenses are made. Increases to self insurance reserves are recorded from budgetary appropriations in the accounting period in which budgetary expenditures are recorded. Earnings on investments and miscellaneous reimbursements are credited to reserves when received in cash. GAAP requires that liabilities for incurred claims be recorded as determined actuarially, and that operating transfers to self insurance funds not exceed the amount determined.

Interfunds - Interfund receivables in the Current Fund are recorded with offsetting reserves, which are created by charges to operations. Income is recognized in the accounting period the receivables are liquidated. GAAP does not require the establishment of an offsetting reserve. Interfund receivables in the other funds are not offset by reserves.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

C. Basis of Accounting (Cont'd.)

Inventories of Supplies - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The cost of inventories is not included on the various balance sheets. Although the expenditure method of accounting for purchases of supplies is in accordance with GAAP, the cost of inventory on hand at the close of the year should be reported on the balance sheet with an offsetting reserve for conformity with GAAP.

Sale of Municipal Assets - Cash proceeds from the sale of Township owned property may be realized as revenue or reserved until utilized as an item of revenue in a subsequent year budget. Year end balances of reserved proceeds are reported as a cash liability in the Current Fund. GAAP requires that revenue be recognized in the accounting period that the terms of the sales contracts become legally enforceable.

Fixed Assets - Property and equipment purchased by the Current and the General Capital Funds are recorded as expenditures at the time of purchase and are not capitalized. Property and equipment purchased by the Water Utility Fund and the Sewer Utility Fund are recorded in their respective capital accounts at cost and are adjusted for dispositions and abandonments. Contributions in aid of construction are not capitalized. The balances in the Reserve for Amortization and Deferred Reserve for amortization accounts in the Utility Funds represent charges to operations for the costs of acquisitions of property, equipment and improvements, and costs funded from sources other than bonded debt of the utility. The utility does not record depreciation on fixed assets. GAAP does not require the establishment of a reserve for amortization for utility fixed assets, but does require the recognition of depreciation of these assets as an operating expense of the utility.

Governmental Fixed Assets - N.J.A.C. 5:30-5.6 established a mandate for fixed accounting by municipalities, effective December 31, 1985. The Township with a third party inventory service performed a physical inventory and assessment of fixed assets in June of 2000. Assets acquired through June 2000 were valued based on actual costs, where available, and other methods, including current replacement values and estimated historical costs. The Township records assets acquired subsequent to June 2000 at original cost. The general fixed asset records have not been updated during fiscal year 2008.

Disclosures About Fair Value of Financial Instruments - The following methods and assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate that value:

Cash and cash equivalents and short-term investments - The carrying amount approximates fair value because of the short maturity of those instruments.

Long-term debt - The Township's long-term debt is stated at face value. The debt is not traded and it is not practicable to determine its fair value without incurring excessive cost. Additional information pertinent to the Township's long-term debt is disclosed in Note 3 to the financial statements.

Recent Accounting Standards

GASB issued Statement No. 48, "Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues" in September 2006. This statement establishes criteria that governments will use to ascertain whether the proceeds received should be reported as revenue or as a liability.

NOTES TO THE FINANCIAL STATEMENTS

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D.)

C. Basis of Accounting (Cont'd.)

Recent Accounting Standards (cont'd)

GASB issued Statement No. 49, "Accounting and Financial Reporting for Pollution Remediation Obligations" in November 2006. This statement addresses accounting and financial reporting standards for pollution (including contamination) remediation obligations, which are obligations to address the current or potential detrimental effects of *existing* pollution by participating in pollution remediation activities such as site assessments and cleanups.

GASB issued Statement No. 50, "Pension Disclosures – an amendment of GASB Statements No. 25 and No. 27" in May 2007. This Statement more closely aligns the financial reporting requirements for pensions with those for other post-employment benefits (OPEB) and, in doing so, enhances information disclosed in notes to financial statements or presented as required supplementary information (RSI) by pension plans and by employers that provide pension benefits.

GASB issued Statement No. 51, "Accounting and Financial Reporting for Intangible Assets" in June 2007. This Statement requires that all intangible assets not specifically excluded by its scope provisions be classified as capital assets.

GASB issued Statement No. 52, "Land and Other Real Estate Held as Investments by Endowments" in November 2007. The statement improves the quality of financial reporting by requiring endowments to report their land and other real estate investments at fair value, creating consistency in reporting among similar entities that exist to invest resources for the purpose of generating income.

GASB issued Statement No. 53, "Accounting and Financial Reporting for Derivative Instruments" in June 2008. This Statement requires that the fair value of financial arrangements called "derivatives" or derivative instruments" to be reported in the financial statements of state and local governments.

The Township does not prepare its financial statements in accordance with generally accepted accounting principles. The adoption of these new standards will not adversely effect the reporting on the Township's financial condition.

Use of Estimates – The preparation of financial statements requires management of the Township to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Comparative Data - Comparative data for the prior year has been presented in order to provide an understanding of changes on the Township's financial position and operations. However, comparative data has not been presented in each of the statements since their inclusion would make the statements unduly complex and difficult to read. Certain reclassifications have been made to the fiscal year 2007 financial statements to conform with classifications used in fiscal year 2008.

G. North Brunswick Refunding Pension Bonds - Series 2003 (Taxable)

The Township issued taxable Refunding Pension Bonds - Series 2003, dated May 1, 2003. The Refunding Pension Bonds were issued to retire the Township's unfunded Early Retirement Incentive (ERI) Programs liability under the ERI Programs previously adopted by the Township. The ERI Programs provided early retirement opportunities for Township members of the Public Employees Retirement System (PERS) adopted in 1991 and 1993 and the Police and Fire Retirement (PFRS) adopted in 1993. The implementation of these programs created unfunded liabilities which would be retired by annual payments to PERS through the years 2021 and 2033, respectively, and to PFRS through the year 2012. P.L. 2002, c.42, was enacted to permit local units to sell refunding bonds in accordance with the Local Bond Law to retire the present value of the liabilities attributable to ERI programs. The total gross annual pension liability payments due from fiscal year 2004 through 2033 amounted to \$3,565,629. The present value of the Township's liabilities for the ERI programs was established by the State Division of Pensions as of May 14, 2003, in the amount of \$560,046 for PERS and \$1,423,781 for PFRS. The net present value savings benefit resulting from the paydown of the unfunded ERI program liabilities was \$450,988.33 or 22.525% of the refunded principal. The enabling legislation for the pension refunding bonds allows a deduction from gross debt for these bonds. The bonds carry interest rates from 1.40% in fiscal year 2003 to 4.85% in fiscal year 2015.

The outstanding debt service with respect to the Township's 2003 Refunding Pension Bonds is as follows:

Deposits

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey, which are insured by the Federal Deposit Insurance Corporation (FDIC) or by any other agencies of the United States that insures deposits or the State of New Jersey Cash Management Fund. New Jersey statutes require public depositories to maintain collateral for deposit of public funds that exceed insurance limits as follows:

The market value of the collateral must equal 5 percent of the average daily balance of public funds; or if the public funds deposited exceed 75 percent of the capital funds of the depository, the depository must provide collateral having a market value equal to 100 percent of the amount exceeding 75 percent.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

The State of New Jersey Cash Management Fund is authorized by statutes and regulations of the State Investment Council to invest in fixed income and debt securities, which mature within one year. Collateralization of Fund investments is generally not required. "Other Than State" participants contribute one and one-half percent per year of the value of the aggregate units owned by them to establish a Reserve Fund, which is supplemented by the proportional interest of "Other Than State"

At June 30, 2008, the Township has implemented the disclosure requirements of Governmental Accounting Standards Board Statement No. 40 "Deposits and Investment Risk Disclosures" (GASB 40) and accordingly the Township has assessed the Custodial Risk, the Concentration of Credit Risk and Interest Rate Risk of its cash and investments.

- (a) Custodial Credit Risk – The Township's deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are: uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but no in the depositor-governments name. The deposit risk is that, in the event of the failure of a depository financial institution, the Township will not be able to recover deposits or will not be able to recover collateral securities that are in possession of an outside party. The Township's investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the Township and are held by either: the counterparty or the counterparty's trust department or agent but not in the Township's name. The investment risk is that, in the event of the failure of the counterparty to a transaction, the Township will not be able to recover the value of the investment or collateral securities that in possession of an outside party.
- (b) Concentration of Credit Risk – This is the risk associated with the amount of investments that Township has with any one issuer that exceeds 5 percent or more of its total investments. Investment issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments are excluded from this requirement.
- (c) Credit Risk – GASB 40 requires that disclosure be made as to the credit rating of all debt security investments except for obligations of the U.S. government or obligations explicitly guaranteed by the U.S. government. This is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. In general, the Township does not have an investment policy regarding Credit Risk except to the extent outlined under the Township's investment policy. The New Jersey Cash Management Fund is not rated.

- (d) Interest Rate Risk - This is the risk that changes in interest rates will adversely affect the fair value of an investment. The Township does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from interest rate fluctuations.

As of June 30, 2008, based upon the insured balances provided by the FDIC and NJGUDPA coverage, no amounts of the Township's bank balance were considered exposed to custodial credit risk.

NOTES TO THE FINANCIAL STATEMENTS

Note 6: DEPOSITS AND INVESTMENTS (CONT'D).

New Jersey Cash Management Fund – All investments in the Fund are governed by the regulations of the Investment Council, which prescribe specific standards designed to insure the quality of investments and to minimize the risks related to investments. In all the years of the Division of Investment's existence, the Division has never suffered a default of principal or interest on any short-term security held by it due to the bankruptcy of a securities issuer; nevertheless, the possibility always exists, and for this reason a reserve is being accumulated as additional protection for the "Other Than State" participants. In addition to the Council regulations, the Division sets further standards for specific investments and monitors the credit of all eligible securities issuers on a regular basis. As of June 30, 2008, the Township had no funds on deposit with the New Jersey Cash Management Fund.

Generally, the Township's investments consist of money market and savings accounts. Based upon the existing deposit and investment practices, the Township is generally not exposed to credit risks, custodial credit risks, concentration of credit risks and interest rate risks for its investments nor is it exposed to foreign currency risks for its deposits and investments.

Note 7: ASSESSMENT AND COLLECTION OF PROPERTY TAXES

A taxable valuation of real property is prepared by the Tax Assessor as of October 1 in each year and filed with the County Board of Taxation by January 10 of the following year. The County Board of Taxation establishes tax rates to reflect the levy necessary for municipal, local school district, special district and county taxes.

The provisions of P.L. 1994, C. 72 changed the procedures for State fiscal year billing originally established in P.L. 1991, C. 75. Chapter 72 moves the billing calculation back on a calendar year basis, which permits tax levies to be proved more readily than before.

The formulae used to calculate tax bills under P.L. 1994, C. 72 are as follows:

The third and fourth installments, for municipal purposes, would equal one-half of an estimated annual tax levy, plus the balance of the full tax levied during the current tax year for school, county and special district purposes. The balance of the full tax for non-municipal purposes is calculated by subtracting amounts due on a preliminary basis from the full tax requirement for the tax year. The first and second installments, for municipal purposes, will be calculated on a percentage of the previous years billing necessary to bill the amount required to collect the full tax levy, plus the non-municipal portion, which represents the amount payable to each taxing district for the period of January 1 through June 30.

Taxes become delinquent if not paid on the installment dates and become subject to interest penalties of 8% to 18% of the amount delinquent. In addition, the law now allows for, and the Township has authorized, the imposition of a penalty of 6% on delinquencies exceeding \$10,000.00 that remain unpaid at the end of a calendar year. If taxes remain delinquent on or after April 1 of the succeeding fiscal year, the delinquent amount is subject to "Tax Sale" which places a tax lien on the property, and allows the holder to enforce the tax lien by collection foreclosure. New Jersey property tax laws establish property taxes as a lien on real estate as of the first day of the fiscal year of the municipality, even though the full amount due is not known.

As County, School and Special District tax requirements are certified to the County Board of Taxation on a calendar year basis and within a time frame which precludes the certification of a municipal purpose tax certification for the calendar year, the conversion to a fiscal year has necessitated that tax bills be prepared and mailed by the Tax Collector twice annually. The law requires tax bills for the first and second installments to be delivered on or before October 1 of the pre-tax year, and bills for the third and fourth installments to be delivered on or before June 14.

NOTES TO THE FINANCIAL STATEMENTS

Note 7: ASSESSMENT AND COLLECTION OF PROPERTY TAXES (CONT'D)

The statutory requirement to deliver tax bills for the first and second installments by October 1 of the pre-tax year requires that these bills utilize assessed valuations from the pre-tax year. As a result, tax bills for the third and fourth installments will also include adjustments to reflect the results of changes in assessed valuations from the pre-tax year to the current tax year.

In accordance with the accounting principles presented by the State of New Jersey, taxes receivable and tax title liens are realized when collected. Since delinquent taxes and liens are fully reserved, no provision has been made to estimate that portion of the taxes receivable and tax title liens that are uncollectible.

Note 8: PENSION AND RETIREMENT PLANS

Employees of the Township of North Brunswick are enrolled in one of two cost sharing multiple-employer public employee retirement systems: the Public Employees Retirement System (PERS) or the Police and Firemen's Retirement System (PFRS). The Division of Pensions in the Department of Treasury, State of New Jersey, administers the PERS and PFRS plans. The plans are funded annually based on the projected benefit method with aggregate level normal cost and frozen initial unfunded accrued liability. The plans, which cover public employees throughout the state, do not maintain separate records for each reporting unit and, accordingly, the actuarial data for the employees of the Township who are members of the plan are not available. For 2008 and 2007, the Township contributed \$633,475.88 and \$214,536.00 for PERS and \$1,090,049.54 and \$1,214,347.00 for PFRS.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits issues publicly available financial reports that include the financial statements and required supplementary information for PERS and PFRS. These financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295.

Note 9: POST-RETIREMENT HEALTH CARE BENEFITS

In addition to the pension and retirement plans described in Note 8, the Township provides post-retirement health care benefits, in accordance with State statutes, to police officers who retire from the Township with at least 25 years of service. Benefits consist of full medical, dental and prescription coverage, and expenditures are recognized as claims are reported. At June 30, 2008 and 2007, thirty-six (36) and thirty-three (35) retirees were receiving post retirement health care benefits at an annual cost to the Township of approximately \$503,060 and \$495,645.

Note 10: ACCRUED SICK AND VACATION BENEFITS

The Township has established uniform personnel policies via employee contracts and municipal ordinances that set forth the terms under which an employee may accumulate unused benefits as follows:

Sick Leave - Sick Leave shall accumulate at the rate of one (1) day per month for the first year of service and fifteen (15) days for each subsequent year for all permanent employees and shall be cumulative from year to year without limit. Upon retirement after ten (10) years of service, the employee is entitled to receive full payment for any unused accumulated sick leave computed on the basis of final wages.

NOTES TO THE FINANCIAL STATEMENTS

Note 10: ACCRUED SICK AND VACATION BENEFITS (CONT'D)

Vacations - Vacation pay for permanent employees accumulates in accordance with the approved schedules. Vacation days may be taken in year earned, but not to exceed the number of days earned at time of vacation. Earned vacation day may be accumulated up to one (1) year of current vacation credits with the exception of employees in the PBA or SOA unions who may accumulate vacation days without limit. Any employee who has separated his/her employment may be paid the salary equivalent to accrued vacation earned, not to exceed more than one (1) year of current vacation credits earned with the exception of those employees in the PBA or SOA.

The Township maintains up-to-date records of each employee's status relating to earned and unused sick and vacation pay. It is estimated that the cost of such unpaid sick and vacation pay would approximate \$3,582,750.00 and \$3,531,857.00 at June 30, 2008 and 2007. This amount represents the current value of all accumulations, and is not intended to portray amounts that would be recorded under GAAP. The Township has not discounted the total based upon a study of utilization by employees separating from service. Neither has it excluded the accumulations of any employees based upon the likelihood that the right to receive termination payments for such accumulations will vest with the employees. The amount that the valuation reported above would be reduced under either of the methodologies permitted under GAAP has not been determined. Expenditures for payment of accrued sick and vacation benefits are recorded in the period in which payments are made as part of the current year's operating budget appropriations.

Note 11: RISK MANAGEMENT

The Township, together with other governmental units, is a member of the Middlesex County Municipal Joint Insurance Fund (the Fund). The Fund, which is organized and operated pursuant to the regulatory authority of the Departments of Insurance and Community Affairs, State of New Jersey, provides for a pooling of risks, subject to established limits and deductibles. The Fund's governing board based upon actuarial and budgetary requirements calculates payments to the Fund. Each participant in the Fund is jointly and severally obligated for any deficiency in the amount available to pay all claims. Lines of coverage provided by the Fund include property; boiler and machinery; equipment floater; auto physical; blanket bond; auto liability; general liability; law enforcement liability; public official liability and worker compensation and employer liability.

At December 31, 2007, the Fund reported for all years combined, total assets of \$17,530,460, liabilities and reserves of \$20,117,360, which includes case reserves of \$10,897,632 and IBNR of \$9,156,599 and a deficit fund balance for all years of \$2,586,899.

Note 12: COMMITMENTS AND CONTINGENCIES

The Township participates in several federal and state financial assistance grant programs. Entitlement to the funds is generally conditioned upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditures of funds for eligible purposes. These programs are also subject to compliance and financial audits by the grantors or their representatives. As of June 30, 2008, the Township does not believe that any material liabilities will result from such audits.

As of the date of this report, Management's review of litigations indicated the Township was not involved in any pending or threatened litigation nor any unasserted claims or assessments that would be of a material nature that would have a negative impact to the financial statements. There are a number of commercial tax appeals pending before the Tax Court.

NOTES TO THE FINANCIAL STATEMENTS

Note 13: DEFERRED COMPENSATION

The Township has instituted a Deferred Compensation Plan pursuant to section 457 of the Internal Revenue Code and P.L. 1977, C. 381; P.L. 1978, C. 39; P.L. 1980, C. 78; and P.L. 1997, C. 116 of the Statutes of New Jersey. The Plan is an arrangement whereby a public employer may establish a plan and permit its employees to voluntarily authorize a portion of their current salary to be withheld and invested in one or more of the types of investments permitted under the governing regulations. The Township has engaged a private contractor to administer the plan.

Note 14: LENGTH OF SERVICE AWARD PROGRAM (LOSAP) - UNAUDITED

The Township has instituted a Length of Service Award Program (LOSAP) pursuant to section 457(e) of the Internal Revenue Code and P.L. 1997, C. 388 as amended by P.L. 2001, C. 272 of the Statutes of New Jersey. The Program provides for fixed annual contributions to a deferred income account for volunteer firefighters and first aid and rescue squad members who meet specified criteria. The Township sponsors the Program, which is administered by a private contractor. The LOSAP section of this document includes the relevant unaudited financial statements and notes for the Program.

Note 15: WATER AND SEWER UTILITY AGREEMENTS

In February 1996, the Township of North Brunswick entered into an agreement with U.S. Water, Inc. ("U.S. Water") for the operation, maintenance and management services for the Township's water and wastewater systems (collectively, the "System"). The agreement, which was completed under the New Jersey Water Supply Public-Private Contracting Act and the New Jersey Wastewater Treatment Public-Private Contracting Act, covers a period of 20 years commencing July 1, 1996 and it may be extended for up to four additional five-year periods. The agreement was approved by the New Jersey Department of Community Affairs, Division of Local Government Services. The portion of the agreement pertaining to water supply was approved by the New Jersey Board of Public Utilities. U.S. Water paid \$6,000,000 to the Township as an initial concession payment upon the execution of the agreement. In addition, U.S. Water provided funds in sufficient amounts to complete the retirement (through tender offer and defeasance) in June 1996 of the Township's water utility loans, notes and bonds payable totaling \$20,390,298 and sewer utility notes and bonds payable totaling \$1,473,000. U.S. Water also agreed to make the following annual payments to the Township over the 20 – year period commencing on June 1, 1997: \$1,000,000 in the first year and \$2,000,000 from the 16th to the 20th year. The Township is also entitled to share in revenues under certain provisions of the agreement.

The initial concession payment was recorded as concession fee revenue in the statements of operations of the Water Utility and Sewer Utility Operating funds. The amount paid for the retirement of the water and sewer utility debts was accounted for as contributed capital from U.S. Water, based on the carrying amount of such debts, in the balance sheets of the Township's Water Utility and Sewer Utility Capital Funds. The annual payments and revenue sharing, if any, to be received in future years shall be recognized as revenues of both utility operating funds.

On August 27, 2002, pursuant to the New Jersey Water Supply Public-Private Contracting Act, N.J.S.A. 58:26-19 et. seq and other applicable law, the Township entered into a water services agreement with the Middlesex County Improvement Authority and a joint venture of American Water Services, Inc. and JJS Management Services, LLC (the "Water Operator"). The agreement transfers the responsibilities for the operation, management, maintenance and repairs of the water system to the Water Operator. Pursuant to the New Jersey Wastewater Treatment Public-Private Contracting Act,

N.J.S.A. 58:27-19 et. seq and other applicable law, the Township, also on August 27, 2002, entered into a wastewater operating agreement with the Middlesex County Improvement Authority and American Water Company, Inc. (the "Wastewater Operator"). The wastewater agreement transfers the responsibilities for the operation, management, maintenance and repairs of the wastewater system to the Wastewater Operator. The execution of these agreements effectively terminate the agreement as described above.

NOTES TO THE FINANCIAL STATEMENTS

Note 15: WATER AND SEWER UTILITY AGREEMENTS (CONT'D)

In connection with the August 27, 2002 operating agreements with the water operator and wastewater operator, the Middlesex County Improvement Authority issued \$34,805,000 Township of North Brunswick Lease Revenue Bonds (Water/Wastewater System Project) Series 2002A, dated September 15, 2002.

The Bonds finally mature October 1, 2022, and carry interest rates from 2.00% to 4.75% with yields of 1.40% to 4.65%. As of the date of the Bonds, the Township and the Authority entered into a Franchise Agreement, pursuant to which the Township conveyed to the Authority the franchise to operate and a leasehold interest in the Wastewater and Water Systems. Simultaneously, the Authority, as lessor, and the Township, as lessee, will enter into a lease agreement conveying a subleasehold interest in the Water and Wastewater Systems to the Township, subject to the operating agreements and the franchise agreement.

In October 2006, the Township of North Brunswick entered into an agreement with American Water Company, Inc. ("American Water") for the operation, maintenance and management services for the Township's water and wastewater systems, thereby opting to not extend the aforementioned agreement with U.S. Water. Under the agreement, American Water operates, maintains and manages the System at all times on behalf of the Township in compliance withal federal, state and local laws and regulations. American Water is entitled to receive the revenues generated from user charges to water and sewer customers. Such user charges are based on annual base rates established in the agreement over customers. Such user charges are based on annual base rates established in the agreement over the 20 – year period, subject to certain specific adjustments. American Water is responsible for the billing and collection of such user charges.

Note 16: REGIONAL CONTRIBUTION AGREEMENT

The Township had entered into an Affordable Housing Contribution Agreement with Brunswick Manor Associates (the "Developer") on July 22, 2002. Per the agreement, the Township may transfer housing units to another municipality that has a plan to build low-income housing units. The Developer's affordable housing obligation shall be equal to 17.6% of the 1,975 total units or 348 units to be constructed in the Renaissance development. The Developer's payment schedule shall be in two (2) phases with Phase I consisting of 135 units at \$20,000 per unit or \$2,700,000 and Phase II consisting of 213 units at \$35,000 per unit or \$7,455,000. The contributions for Phase I are received in four (4) equal payments of \$675,000. The contributions for Phase II are to be received in equal payments payable when each of the last 500 certificates of occupancy is issued at a rate of \$14,910 per certificate issued.

The Township has contracted with the receiving municipalities of the Borough of Carteret and the City of New Brunswick. Per the agreement, ninety (90) units will be transferred to the City of New Brunswick in four (4) equal annual payments of \$450,000 for a total of \$1,800,000 and forty-five (45) units will be transferred to the Borough of Carteret in four (4) equal annual payments of \$225,000 for a total of \$900,000. The payments began in October 2004 and concluded in October 2007.

At June 30, 2008, \$-0- for Phase I and \$29,820 for Phase II are due from Brunswick Manor Associates.

APPENDIX C

FORM OF BOND COUNSEL OPINION FOR GENERAL OBLIGATION BONDS OF 2009

[Date of Closing]

The Mayor and the Township Council of the
Township of North Brunswick, in the County
of Middlesex, New Jersey

Dear Mayor and Members of the Township Council:

We have acted as bond counsel to the Township of North Brunswick, in the County of Middlesex, New Jersey (the "Township") in connection with the issuance and sale by the Township of its \$18,157,000 aggregate principal amount of General Obligation Bonds of 2009 (the "Bonds"). In this capacity, we have examined certified copies of a record of proceedings of the Township Council and such other proofs, documents and instruments submitted to us which we deemed pertinent relative to the issuance and sale by the Township of the Bonds.

The Bonds are dated, mature (subject to prior redemption) and bear interest upon the terms and conditions stated therein and in the resolution adopted by the Township on July 6, 2009 (the "Resolution"). The Bonds are fully registered in form and are issued pursuant to the Local Bond Law, constituting Chapter 2 of Title 40A of the Revised Statutes of New Jersey (the "Local Bond Law"), the Resolution and the bond ordinances referred to therein, in all respects duly approved and published as required by law.

We are of the opinion that such proceedings, proofs, documents and instruments show lawful authority for the issuance and sale of the Bonds pursuant to the Local Bond Law and other applicable statutes, and that the Bonds are valid and legally binding obligations of the Township, all the taxable property within which is subject to the levy of ad valorem taxes for the ultimate payment of the principal of and interest on said Bonds without limitation as to rate or amount.

We are further of the opinion that based upon existing law, interest on the Bonds is excluded from the gross income of the owners of the Bonds for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and interest on the Bonds is not an item of tax preference under Section 57 of the Code for purposes of computing

alternative minimum tax.

We are further of the opinion that under existing law, interest on the Bonds and net gains from the sale of the Bonds are exempt from the tax imposed by the New Jersey Gross Income Tax Act.

With respect to our Federal income tax opinion, we note that the Bonds and the Township's \$14,457,000 aggregate principal amount of Bond Anticipation Notes, Series 2009A (the "Notes"), being issued on the date hereof, are treated as a single issue for federal income tax purposes. The Code imposes certain requirements that must be met on the date of issuance of the Bonds and the Notes and on a continuing basis subsequent to the issuance of the Bonds and the Notes in order for interest on the Bonds and the Notes to be excluded from gross income for federal income tax purposes under Section 103 of the Code. Failure of the Township to comply with such requirements may cause interest on the Bonds and the Notes to lose the exclusion from gross income for federal income tax purposes, retroactive to the date of issuance of the Bonds and the Notes. The Township has made representations in the Tax Regulatory Agreement, dated as of the date hereof, as to various tax requirements with respect to the Bonds and the Notes. In addition, the Township has covenanted to comply with the provisions of the Code applicable to the Bonds and the Notes and has covenanted not to take any action or fail to take any action that would cause the interest on the Bonds and the Notes to lose the exclusion from gross income for federal income tax purposes under Section 103 of the Code or cause interest on the Bonds and the Notes to be an item of tax preference under Section 57 of the Code. With your permission, we have relied upon the representations made in the Tax Regulatory Agreement and we have assumed continuing compliance by the Township with the above covenants in rendering our federal income tax opinion with respect to the exclusion of interest on the Bonds and the Notes from gross income for federal income tax purposes and with respect to the treatment of interest on the Bonds and the Notes for purposes of the alternative minimum tax.

Attention is called to the fact that for purposes of this opinion letter we have not been requested to examine and have not examined any documents or information relating to the Township other than the certified copies of the proceedings, proofs, documents and instruments hereinabove referred to, and no opinion is expressed as to any financial or other information, or the adequacy thereof, which has been or may be supplied to any purchaser of the Bonds.

It is to be understood that the rights of the holders of the Bonds and the enforceability thereof may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights heretofore or hereafter enacted and that their enforcement may also be subject to the exercise of judicial discretion in appropriate cases.

We have examined an executed Bond and, in our opinion, the form of said Bond and its execution are regular and proper.

The Mayor and Township Council of the
Township of North Brunswick, in the
County of Middlesex, New Jersey

The Mayor and the Township Council of the

Dear Mayor and Members of the Township Council:

We have acted as bond counsel to the Township of North Brunswick, in the County of Middlesex, New Jersey (the "Township") in connection with the issuance and sale by the Township of its \$14,457,000 principal amount of Bond Anticipation Notes, Series 2009A (the "Notes"). The Notes are dated the date hereof, mature on August 13, 2010 and bear interest at the rate of ____ per centum per annum. The Notes are in registrable bearer form and are issued pursuant to the Local Bond Law, constituting Chapter 2 of Title 40A of the Revised Statutes of New Jersey (the "Local Bond Law"), a resolution adopted by the Township Council on July 6, 2009 (the "Resolution") and the various bond ordinances referred to therein, each in all respects duly approved and published as required by law.

We are further of the opinion that based upon existing law, interest on the Notes is excluded from the gross income of the owners of the Notes for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and interest on the Notes is not an item of tax preference under Section 57 of the Code for purposes of computing alternative minimum tax.

We are further of the opinion that under existing law, interest on the Notes and net gains from the sale of the Notes are exempt from the tax imposed by the New Jersey Gross Income Tax

Act.

With respect to our Federal income tax opinion, we note that the Notes and the Township's \$18,157,000 aggregate principal amount of General Obligation Bonds of 2009 (the "Bonds"), being issued on the date hereof, are treated as a single issue for federal income tax purposes. The Code imposes certain requirements that must be met on the date of issuance of the Notes and the Bonds and on a continuing basis subsequent to the issuance of the Notes and the Bonds in order for interest on the Notes and the Bonds to be excluded from gross income for federal income tax purposes under Section 103 of the Code. Failure of the Township to comply with such requirements may cause interest on the Notes and the Bonds to lose the exclusion from gross income for federal income tax purposes, retroactive to the date of issuance of the Notes and the Bonds. The Township has made representations in the Tax Regulatory Agreement for the Notes and the Bonds, dated as of the date hereof, as to various tax requirements. In addition, the Township has covenanted to comply with the provisions of the Code applicable to the Notes and the Bonds and has covenanted not to take any action or fail to take any action that would cause the interest on the Notes and the Bonds to lose the exclusion from gross income for federal income tax purposes under Section 103 of the Code or cause interest on the Notes and the Bonds to be an item of tax preference under Section 57 of the Code. With your permission, we have relied upon the representations made in the Tax Regulatory Agreement and we have assumed continuing compliance by the Township with the above covenants in rendering our federal income tax opinion with respect to the exclusion of interest on the Notes and the Bonds from gross income for federal income tax purposes and with respect to the treatment of interest on the Notes and the Bonds for purposes of the alternative minimum tax.

Attention is called to the fact that for purposes of this opinion letter we have not been requested to examine and have not examined any documents or information relating to the Township other than the certified copies of the proceedings, proofs, documents and instruments hereinabove referred to, and no opinion is expressed as to any financial or other information, or the adequacy thereof, which has been or may be supplied to any purchaser of the Notes.
