Dear Robert:

I am pleased to submit the following prices literature and specifications on the equipment you recently requested. Prices are based off of the current ESCNJ Co-op# 18/19-25. Prices are for budgetary purposes and good for 21 days.

~QUOTATION~

Quantity	Model #	Product Name	Extended MSRP	Extended Award Price
1	30885	Groundsmaster 4500	\$101,783.00	\$81,426.40
5	104-5183	High Sail Blade (27 Inch)	\$174.10	\$139.28
<u>TOTAL</u>			\$101,957.10	\$81,565.68

Price includes set up and delivery and a 2 year warranty. Please give me a call if you have any questions or other needs.

Sincerely,

Joe Guanill

Joe Guanill
Sales Consultant

With the impact of inflation and worldwide supply chain issues, we have experienced volatility in pricing, finance rates and availability due to factors beyond our control. These adjustments may even occur from the time the order is entered in our system through the expected equipment delivery date. Any adjustments will be communicated asap on orders in our system as we get closer to confirmed 2023 pricing. Therefore, all prices and payments in the following proposal are for 2023 budgetary purposes. In the event that equipment ordered becomes unavailable, we will try to secure an acceptable alternative. Pricing includes set up and delivery, but applicable sales tax is not included. A 2.5% processing fee will be added if a credit card is used to purchase.

Toro Groundsmaster 4500

Model #30885

The Groundsmaster® 4500-D continues to provide the clean quality of cut of a reel mower but with the maintenance ease of a rotary. At 109" width of cut, the free-floating Contour™ Plus Decks eliminate scalping, provide dramatic striping and deliver a picture perfect cut. Toro's exclusive SmartCool™ system keeps your machine on the job and moving forward. Before things get too hot, SmartCool briefly reverses the cooling fan to blast chaff and debris from the intake screens. With a 55 hp (41 kW) Tier 4 Final and Stage V compliant turbo-diesel and the new Smart Power™ technology, that maximizes power to the cutting blades, the Groundsmaster 4500-D is an unprecedented blend of powerful productivity and refined results.

- **Engine**
Yanmar®, 4-cylinder, turbo diesel, 55 hp (41.1 kw)
 - **Fuel Capacity**
22 gal (83 L) diesel fuel
-
- **Mowing Speed**
0 - 8 mph (0 - 12.9 kph)
 - **Transport Speed**
0 - 13 mph (0 - 20.9 kph)
 - **Cutting Width**
9 ft (2.7 m)
-
- **Weight**
Approx. 4,495 lbs. (2,039 kg)

4-Wheel Drive

The Groundsmaster® 4500-D and 4700-D both feature a unique, parallel hydraulic traction system that assures full-time, bi-directional 4-wheel drive. Parallel hydraulic flow between front and rear wheels means that you will have 4-wheel drive assistance in turns, enabling easier trimming around objects without tire scuffing and dependable traction on hills and wet terrain.

Attractive Striping

Rear rollers provide an attractive striping effect while you mow, greatly enhancing the finished look of your turf.

Contour™ Plus Cutting Decks

The Contour™ Plus cutting technology takes quality of cut to a whole new level. Air inlet pockets keep the grass standing tall for the cleanest possible cut and a modified rear discharge opening disperses clippings more evenly. An optional mulching kit and optional high height of cut blade are also available.

Durable Design

Proven rugged frame, drivetrain, and components ensure durability and long life. Heavy-duty welded steel decks and frames provide extra durability and long life.

Count on it.

Groundsmaster® Contour Rotary Mowers

*Specifications subject to change without notice. Mowing rate dependent on operator, turf conditions, and rated mow speed of the mower. Assume 80% efficiency for turns and overlap.

Productivity

The Groundsmaster® Contour Series mowers provide the productivity you need, no matter the size. Mow up to 10.6 acres (4.3 hectares) per hour to get the job done fast.

Easy Service

Decks can be raised or removed quickly, and enclosures can be pulled off without tools so technicians can get at everything effortlessly.

Smart Power™ Traction

Smart Power Traction allows even an inexperienced operator to achieve a consistent cut, even on hills and thick patches. By automatically adjusting ground speed when encountering heavy cutting conditions, optimum blade speed is maintained.

Operator Comfort

The operator area of the Groundsmaster® 4500-D and 4700-D was designed to make work more comfortable with amenities like a large operator platform, multi-size beverage holder, 12-volt outlet, storage box, deluxe seat, and portable radio holder. Operators will also be pleased by the lower sound levels and the additional storage area behind the seat that's large enough for a water cooler, trash bucket, and other items.

InfoCenter

With this feature you get helpful maintenance reminders and instant notification of potential problems. During normal operation, the InfoCenter displays clear and simple operating information at a glance, while constantly monitoring the internal health of the machine. Audible and visual alarms notify the operator of a potential problem. In the field or at the shop, technicians can quickly identify the source of the issue. Allows operator to adjust sensitivity of electronically controlled foot pedal when moving. This allows the supervisor to set a maximum mowing speed for greater control of operator usage and quality.
