Dear Mayor and Committeemen,

In 2021, due to an array of reasons which I would be more than happy to discuss, Frelinghuysen Township came to the conclusion that we could no longer afford TO NOT pursue the erecting and installation of our own fire department. The purpose of this letter is in the pursuit of that goal.

Shortly after the decision was made to establish Station #84, the Frelinghuysen Township Volunteer Fire Company, a task force was established and benchmarks were set to address location, staff, budget, and equipment needs. To date, thanks to the time and dedication of the members of our task force, many of these benchmarks have been met.

I am reaching out to you and your municipality in the hope that you will be able to assist in our endeavor, and respectfully request donations of any gear and/or equipment that might be in surplus at your fire department. Any items would be greatly appreciated: fire helmets, turnout coats & pants, hoods, gloves, SCBA packs & masks, fire boots, or anything that may not be in use and/or in surplus from your fire department.

To help express our sincere appreciation for your generosity in helping Station#84, the Frelinghuysen Township Volunteer Fire Company, your municipality and fire department will be acknowledged in an Opening Ceremony. Your generosity will be memorialized, remembered and recorded on a commemorative plaque.

Our committee, our residents, and I thank you in advance for your time and consideration in helping us in our pursuit to establish an emergency service that will benefit our residents and bond our communities for years to come.

Respectfully yours,
Keith Ramos
Mayor
