Project: **Building Envelope Restoration at the Municipal Building**
for the Township of North Brunswick
USA Project No.: 2023-042
NBT Contract Bid No.: BID23006

Re: **Field Bulletin #FB-001**

Dear George,

The enclosed field bulletin is our response to RFI #003 regarding exterior stud wall insulation.

The contract documents indicate that the insulation is by others, however, due to the concerns raised in your RFI the owner's intent is to include this in your scope of work. The attached sketches indicate where the insulation is to be installed.

Provide insulation type as follows:

- A. Mineral Fiber Batt Insulation: Flexible or semi-rigid preformed batt or blanket, complying with ASTM C665; friction fit; unfaced flame spread index of 0 (zero) when tested in accordance with ASTM E84.
 - 1. Smoke Developed Index: 0 (zero), when tested in accordance with ASTM E84.
 - 2. Thickness: Match existing stud depth, typically 6", verify in field.
 - 3. Manufacturer:
 - a. ROCKWOOL (ROXUL, Inc); COMFORTBATT
 - b. Approved equal.

If you have any questions or comments with respect to this Field Bulletin FB-001 then please feel free to contact our office.

USA Architects Planners + Interior Designers, Ltd.

Respectfully Submitted,

A handwritten signature in blue ink, appearing to read 'Michael Bryson', with a stylized flourish at the end.

Michael J. Bryson, CDT
