The Parties agree that reports prepared by or on behalf of T&M pertaining to site conditions, including, but are not limited to, environmental, geotechnical or geologic reports (*hereinafter collectively the "Site Condition Reports"*), are prepared for the exclusive use of the Client and its authorized agents, and that no other party may rely on the Site Condition Reports unless T&M agrees in advance to such reliance in writing. The Site Condition Reports are not intended for use by others, and the information contained therein is not applicable to other sites, projects or for any purpose, except the one originally contemplated in the Services. The Client acknowledges that the Site Condition Reports are based on conditions that exist at the time a study is performed and that the findings and conclusions of the Site Condition Reports may be affected by the passage of time, by man-made events such as construction on or adjacent to the site, or by natural events such as floods, earthquakes, slope instability or groundwater fluctuations, among others. The Parties agree that interpretations of subsurface conditions by T&M and / or its subcontractors may be based on limited field observations including, without limitation, from widely spaced sampling locations at the site of the Project. The Client acknowledges that site exploration by T&M and / or its subcontractors will only identify subsurface conditions at those points where subsurface tests are conducted or samples are taken. The Parties agree that T&M and / or its subcontractors may review field and laboratory data and then apply professional judgment to render an opinion about subsurface conditions at the site of the Project and that the actual subsurface conditions may differ, sometimes significantly, from those indicated by T&M and / or its subcontractors. The Client agrees that any report, conclusions or interpretations will not be construed as a warranty of the subsurface conditions by T&M and / or its subcontractors. The Parties further agree that no warranty or representation, express or implied, is included or intended in any reports, conclusions, or interpretations prepared by or on behalf of T&M pertaining to the site conditions.

9. UNANTICIPATED CONDITIONS.

If during the performance of T&M's services, any unanticipated conditions are observed, which in T&M's judgment may affect the Proposal / Scope of Services, T&M will notify the Client. The Client agrees that the discovery of such unanticipated conditions constitutes a significant change in the Proposal / Scope of Services. Based on T&M's evaluation of unanticipated conditions, T&M is authorized to take any of the following action: (a) Complete the original Scope of Services in accordance with the procedures originally intended in the Proposal; or (b) Stop Work pending written agreement with the Client to modify the Scope of Services and Fees as required by the previously unanticipated conditions; or (c) Terminate the Services effective on the date specified by T&M in writing. The Client shall waive any claim against T&M and agrees to indemnify, defend and hold T&M harmless from any claim of liability for injury or loss arising from the encountering of unanticipated conditions.

10. HAZARDOUS CONDITIONS.

It is acknowledged by both parties that T&M's Scope of Services does not include any services related to asbestos or hazardous or toxic materials. T&M shall have no responsibility for the discovery, presence, handling, removal or disposal of, or exposure of persons to hazardous materials or toxic substances in any form at the Project site. In the event T&M or any other party encounters asbestos or hazardous or toxic materials at the site of the Project, or should it become known in any way that such materials may be present at the site of the Project or any adjacent areas that may affect the performance of T&M Services, T&M may, at its sole option and without liability for consequential or any other damages, suspend performance of Services on the project until the Client takes steps to identify, abate and/or remove the asbestos or hazardous or toxic materials, and to warrant that the site of the Project is in full compliance with applicable laws. If, in T&M's sole opinion, site conditions represent a threat to the public health or an environmental hazard, T&M will so advise the Client, so the Client may notify appropriate authorities. If the Client fails to act in a responsible manner, T&M may notify the appropriate authorities. The Client waives any claim against T&M and agrees to defend, indemnify and save T&M harmless from any claim or liability arising from the conditions or notifications of conditions at the site.

11. FORCE MAJEURE.

T&M is not responsible for delays caused by factors beyond T&M's reasonable control, including, but not limited to,

delays due to strikes, lockouts, work slowdowns or stoppages, accidents, acts of God, failure of any governmental or other regulatory authority to act in a timely manner, failure of the Client or owner of the Project to furnish timely information or to provide review comments promptly; or delays caused by faulty performance by the Client, consultants or contractors at any level.

12. CONSEQUENTIAL DAMAGES.

In no event shall T&M be liable in contract, tort, strict liability or otherwise for any incidental, special, indirect, consequential, punitive or exemplary damages, including but not limited to loss caused by delay, commercial loss, or lost profits or revenues or opportunities resulting from any service furnished by T&M under this Agreement.

13. INSURANCE.

- a. **LIMITS.** T&M shall maintain for the term of this project the following types of insurance and minimum limits: (i) Worker's Compensation and Employer's Liability insurance, per statutory limits; (ii) Comprehensive General Liability Insurance, a total of \$1,000,000 each occurrence and \$2,000,000 in aggregate; (iii) Comprehensive Automobile Liability insurance, a total of \$1,000,000 each occurrence and \$2,000,000 in aggregate; and (iv) Professional Errors and Omissions insurance with a per claim limit of not less than \$3,000,000. Certificates for policies of insurance will be provided to the PROJECT OWNER upon request.
- b. **WAIVER OF SUBROGATION.** Both Parties waive all rights against each other and their respective subconsultants, subcontractors, employees, and agents for any and all damages caused by fire or other causes of loss to the extent covered by insurance set forth herein, except such rights as they may to the proceeds of insurance. The waiver shall be effective as to a person or entity (a) even though that person or entity would otherwise have a duty of indemnification, contractual or other, (b) even though that person or entity did not pay the insurance premium directly or indirectly, or (c) whether or not the person or entity had an insurable interest in the damaged property.

14. INDEMNIFICATION.

T&M agrees, subject to the provisions contained herein, to indemnify the Client, and the Client's officers, directors and employees, from and against any losses, damages and judgments arising from claims by third parties but only to the extent they are found to be caused solely by T&M's negligent acts, errors or omissions in the performance of professional services under this Agreement. T&M's obligation to indemnify and hold harmless the Client and its officers, directors, and employees does not include a duty to defend. This indemnification provision is subject to and limited by the provisions agreed to by the Client and T&M in the "Limitations of Liability" section of these Standard Terms and Conditions.

The Client agrees, subject to the provisions contained herein, to indemnify T&M, and T&M's officers, directors and employees, from and against any losses, damages and judgments caused by the Client's acts, errors or omissions and by any of Client's contractors, subcontractors or consultants or anyone for whom the Client is legally liable.

15. LIMITATION OF LIABILITY.

The Client and T&M agree that T&M's total liability for any and all losses, judgments, injuries, claims, expenses and damages arising out of, resulting from or in any way relating to this Agreement or T&M's Services, shall be limited to the total sum of \$50,000.00 or T&M's total fee for Services rendered on this Project, whichever is less. The Client hereby releases T&M from any liability above such amount. The Client waives such claims and causes including, but not limited to, negligence, professional errors or omissions, direct or indirect damages, delays, consequential damages, lost profits, strict liability, and breach of contract or breach of warranty.

16. GOVERNING LAW.

The laws of the State within which the Project is located will govern the validity of this Agreement, its interpretation and performance.

17. INDEPENDENT CONTRACTOR.

Unless otherwise provided in our proposal, T&M is and shall be an independent contractor in the performance of services under the Agreement, maintaining complete control of its employees and operations and neither T&M nor anyone employed by T&M shall be the agent, representative, employee or servant of the Client in the performance of services under this Agreement.

18. ASSIGNMENT.

Neither T&M nor the Client shall assign or transfer their interest in the Agreement without the written consent of the other Party. However, nothing contained in this paragraph shall prevent T&M from employing such consultants or subconsultants as T&M may deem appropriate. The covenants and agreements contained herein shall apply to and be binding upon the Parties hereto and upon their respective assigns and successors.

19. WAIVER OF JURY TRIAL.

The Client and T&M specifically waive their rights to a jury trial to resolve any and all claims, including, but not limited to, those sounding in contract, tort or statute, against the other arising out of or connected in any way to this Agreement and Project because the Parties hereto believe that the complex commercial and professional aspects of their dealings with one another make a jury determination neither desirable nor appropriate.

20. DISPUTE RESOLUTION.

The Client and T&M agree that they shall submit any and all unsettled claims, counterclaims or other unresolved disputes to non-binding mediation, where each Party shall pay its own costs and fifty percent (50%) of the mediator's fees. This provision shall not apply to fee collection lawsuits. Any and all claims and / or causes of action between the Parties arising out of or relating to this Agreement may be brought by either Party within eight (8) years of substantial completion of the Project or termination of this Agreement, whichever is sooner.

21. SEVERABILITY.

If any provision contained herein is held to be unenforceable by a court of law or equity, the Agreement shall be construed as if such provision did not exist and the unenforceability of such a provision shall not be held to render any other provision of the Agreement unenforceable.

22. SURVIVAL.

The express representations, indemnification and limitations of liability contained in this Agreement will survive the completion of all services of T&M under this Agreement or the termination of this Agreement for any reason.

23. EXECUTION.

This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which, taken together, shall constitute one and the same agreement. Execution and delivery of this Agreement may be evidenced by e-mail or facsimile transmission.

24. ENTIRE AGREEMENT.

This Agreement (*consisting of (1) Proposal / Scope of Services and (2) Standard Terms & Conditions*) comprises the final and complete agreement between the Client and T&M. It supersedes all prior or contemporaneous communications or Agreements, whether oral or written, relating to the subject matter of this Agreement. Execution of this Agreement signifies that each Party has read the document thoroughly, has had the opportunity to have questions explained by independent counsel and accepts the terms and conditions contained herein. Amendments to this Agreement shall not be binding unless made in writing and signed by both the Client and T&M. In the event the Client provides any kind of work authorization whatsoever, verbal or written, for the commencement of T&M's Services or any Additional Services, or any portions thereof, prior to the Client's execution of this Agreement, these terms and conditions, including terms of payment herein, shall govern the Services performed by T&M pursuant to the Project and shall be binding upon the Parties. To the extent the Client provides its own agreement and that agreement is silent with respect to any term or condition expressed herein, these conditions shall prevail and shall be binding upon the Parties. In the event of a conflict between the Standard Terms and Conditions and the Proposal / Scope of Services, the Standard Terms and Conditions will control.
