### EVALUATION REPORT

### 2026 WASTEWATER COLLECTION SYSTEM OVERSIGHT SERVICES - REQUEST FOR PROPOSAL DECEMBER 17, 2025

As part of its annual award of professional service agreements in accordance with "Fair and Open" procurement process established in the State of New Jersey pursuant to N.J.S.A. 19:44A-20.1 et seq., North Brunswick Township solicited Requests for Proposals (RFP) for Wastewater Collection System Oversight Services for calendar year 2026.

The Township Council authorized the solicitation of proposals for said service. The process under a formal RFP allows for factors other than price to be taken into consideration when awarding a contract. This process also requires that a committee be established to evaluate proposals in accordance with "weighted" criteria established prior to solicitation of proposals.

Pursuant to N.J.A.C 5:34-4.3, the Township established a three (3) person committee comprised of the following individuals:

Bryan Bazydlo, Sewer Supervisor  
Steve Bloyed, Director of Public Works  
Salvatore Georgianna, Sewer Supervisor

Each committee member assessed their own affiliations and financial interest, as well as the affiliations and financial interests of family members, to ensure that there was no conflict with potential vendors. Each member signed a statement attesting to the fact that there was no conflict of interest.

The committee reviewed and discussed the Request for Proposal and alternative evaluation criteria. The committee agreed to the criteria to be evaluated and the numerical weighting to be assigned to each. The established weighting criterion was as follows:

1. Understanding and Prior Experience with the township – 30 points
2. Experience and Qualifications of Individuals – 20 points
3. Overall company history – 30 points
4. Agreement to the Pricing Model – 20 points

There were three (3) proposal received by the submission deadline:
