**Township of North Brunswick**  
**Our File NO.: PNO00003.D1**

In accordance with your request, we have observed the conditions at the West Lawrence Street Pump Station site and we are reporting herein.

As a result of Hurricane Ida the site experienced bank erosion along the Sucker Brook which resulted in the displacement and damage to the existing chain link fence as well as the undermining and damage to the existing asphalt pavement.

Enclosed for your use please find copies of the photos taken on 9/2/21 of the above mentioned damages.

As requested, we are presently assessing the damages at the site in order that we may discuss appropriate remedies with the Township.

Should you have any questions, please do not hesitate to contact our office.
